## **The Miracle Of Mark:**

**Jesus the Miracle Worker** Graham H. Twelftree,1999-05-25 Graham Twelftree extensively examines the miracles of each Gospel narrative He weighs their historical reliability and considers the question of miracles and the modern mind **The Theological Intentions of Mark's Literary Devices** Dean B. Deppe,2015-10-22 What sets The Theological Intentions of Mark's Literary Devices apart from other books What niche does it fill that makes its publication important This volume will interest all those who value a literary approach to the Gospel of Mark Dean Deppe introduces some new literary devices in the research of the Gospel of Mark as well as demonstrates the theological intentions of Mark when he employs these literary devices Deppe argues that Mark employs the literary devices of intercalation framework allusionary repetitions narrative surprises and three types of mirroring to indicate where he speaks symbolically and metaphorically at two levels Mark employs these literary devices not just for dramatic tension and irony but also for theological reasons to apply the Jesus tradition to specific problems in his own day

**Mark's Gospel** John Painter,2005-06-20 Mark's biography of Jesus is the earliest of the four gospels and influenced them all The distinctive feature of this biography is the quality of good news which presupposes a world dominated by the forces of evil John Painter shows how the rhetorical and dramatic shaping of the book emphasises the conflict of good and evil at many levels between Jesus and the Jewish authorities Jesus and the Roman authorities and the conflict of values within the disciples themselves These matters of content are integral to this original approach to Mark's theodicy while the stylistic issue raises the question of Mark's intended readership John Painter's succinct yet thorough treatment of Mark's gospel opens up not only these rhetorical issues but the social context of the gospel which Painter argues to be that of the Pauline mission to the nations

**The First One Hundred Years of Christianity** Udo Schnelle,2020-06-30 Beginning as a marginal group in Galilee the movement initiated by Jesus of Nazareth became a world religion within 100 years Why among various religious movements did Christianity succeed This major work by internationally renowned scholar Udo Schnelle traces the historical cultural and theological influences and developments of the early years of the Christian movement It shows how Christianity provided an intellectual framework a literature and socialization among converts that led to its enduring influence Senior New Testament scholar James Thompson offers a clear fluent English translation of the successful German edition

**Jesus and the Miracle Tradition** Paul J. Achtemeier,2008-01-01 Working with selected miracles of Jesus from the canonical Gospel traditions and with background studies in the general understanding of miracles in the Greco Roman world of the Hellenistic period this collection of essays shows how we may understand the theological reasons why the early followers of Jesus included these stories in their traditions that constituted the canonical Gospels Using individual stories from the Gospels three of the essays demonstrate how literary critical analysis can show the theological intent of the miracle story A second set of three essays examines the way Mark and Luke view the miracle tradition within their larger task of writing the story of Jesus A final set of three articles

examines the Hellenistic background of such stories and the way they were used in secular and Jewish sources to gain perspective on what the early Christians intended with the miracle stories of Jesus **All the Miracles of the Bible** Herbert Lockyer,1988-09-26 This book discusses the supernatural in Scripture including the scope and significance of events and embodiments **Preaching the Miracles** Dallas A. Brauninger,1998 While this book offers information for the sermon writer the design of its contents provides more than the ho hum Brauninger avoids presenting a ready made cloak of words for a morning sermon Instead she invites preachers and their audiences to explore the gap between the back then and the now This not only helps to answer questions it generates them a crucial element in understanding the miracles of Jesus Five sections are devoted to each of the nine miracles in Cycle A Text For easy access the entire lectionary text is provided preventing the need to flip back and forth to the Bible What's Happening This gives a synopsis of points of action within each miracle story By reviewing the story action its movement conflict and change or resolution are defined Connecting Points Conversations This section offers the central material of each chapter Here Brauninger engages the preacher in an imaginary exchange before the text is given its usual preparatory attention A visit with main characters and an occasional bystander nudging readers toward stepping into their sandals This section invites the preacher and listening audience to ask relevant questions thus expanding their understanding Words Significant terms are examined While this work is not intended as a scholarly study it assists in placing things in proper context Gospel Parallels This section highlights similarities and differences among parallel stories and other gospels A helpful word study and bibliography are also included This series from Brauninger has proven to be a favorite among preachers Dallas A Brauninger received the Master of Divinity and Doctor of Divinity degrees from the Chicago Theological Seminary A full time writer Brauninger has served churches in Colorado and Nebraska She and her husband both ordained ministers in the United Church of Christ live in Friend Nebraska **Dr.**
