One family's journey through postpartum depression

By Tara Dupuis

Based on a true story

Illustrated by Melissa Parsons

The Moody Blues One Familys Journey Through Postpartum Depression

James Chambers

The Moody Blues One Family's Journey Through Postpartum Depression:

Great Expectations: The Essential Guide to Breastfeeding Marianne Neifert, 2010-11-22 In Great Expectations The Essential Guide to Breastfeeding Marianne Neifert MD one of America's leading pediatricians and a nationally recognized lactation consultant gives nursing mothers all the advice they need to breastfeed their babies successfully. Distilled from Dr. Mom's Guide to Breastfeeding, this is the most up-to-date comprehensive and effective book on the subject. Neifert has spent the last 25 years addressing the situations that nursing mothers routinely encounter. Her sound, reassuring, and practical advice makes this a must-have for all new moms and mothers-to-be.

Understanding Depression Patricia Ainsworth, 2009-09-18 Depression has been a scourge of humanity since the dawn of ages. Vivid images from historical and religious texts describe sufferers of the illness we now know as depression. An equal opportunity illness, it exempts no one based on race, sex, creed, religion, social status, or nation of origin. It affects one in five of us and its potentially lethal outcome, suicide, is the third leading cause of death among American teenagers. What is this illness that costs us 44 billion each year? What does it look like? Is it moodiness? Is it the result of a character flaw? Can we just snap out of it? Understanding Depression explores the reality of the illness from the author's twin perspectives as a psychiatrist and as a family member who experienced the tragedy of depression firsthand. Using examples from her practice, the author discusses the different types of depression, the kinds of people at risk, and the risk factors of suicide. In understandable terms, the book looks at the way the brain works and how the body communicates with it, including recent discoveries about how the process fails in depression. The book mirrors the author's belief that understanding depression is only half the battle. Taking personal responsibility for fighting the beast is equally important. Treatment methods discussed here include various forms of psychotherapy, different classes of antidepressant medications, and the controversial subjects of shock treatment and involuntary treatment.

Understanding Depression also offers tips for fighting depression day by day. Finally, the book takes a look at the innovative research that holds promise for better management of depression and at new weapons to combat it.

Family Planning and Reproductive Health Sourcebook, 1st Ed. James Chambers, 2021-05-01 Consumer health information about family planning, contraception, through counseling, maternal mortality, mental health, infertility, and sexually transmitted diseases, along with information about safety tips, programs related to family planning, assisted reproductive technology, nutrition tips, a glossary of related terms, and a list of resources for additional help.

Choices in Relationships David Knox, Caroline Schacht, I. Joyce Chang, 2020-01-07 Now published by SAGE Cutting Edge and student friendly Choices in Relationships takes readers through the lifespan of relationships, marriages, and families, and utilizes research to help them make deliberate, informed choices in their interpersonal relationships. Authors David Knox, Caroline Schacht, and new co-author I. Joyce Chang draw on extensive research to challenge students to think critically about the choice-making process, consider the consequences involved with choices, view situations in a positive light, and understand that not making a choice is a choice after all. The book extensively
