Butterfly Tai Chi - Health, Energy and Tranquillity in 10 Minutes a Day Martin Faulks Author,2011-12-19 Martin Faulks was inspired by observing butterflies to develop a system of Tai Chi that could be performed in a limited space and within a relatively short time a form that would involve virtually no movement while maintaining the flow of internal energy I watched a butterfly beating its wings to warm itself and it dawned on me that this was the only animal I had ever seen doing what appeared to be exercise on one spot the butterfly was stationary but inside its blood was circulating through its whole being I then realized that if the

Tai Chi practitioner was to be stationary somehow the flow had to happen inside him So he designed Tai Chi movements that naturally enhance the Qi flow in the order dictated by Chinese medicine which is why the Butterfly Tai Chi routine is so effective It can be used to treat a wide variety of illnesses but its real power is in preventing illness **What is 'Tai Chi'?**
