The Parallel Curriculum Video For Staff Development:

The Parallel Curriculum Carol Ann Tomlinson, 2002 Given that intelligence is flexible and can be influenced by circumstance and environment education at all levels ought to be about providing environments and opportunities designed to maximize individual capacity The Parallel Curriculum represents a synthesizing of views and approaches to creating curriculum for gifted learners rather than reflecting any single view or approach The book provides a rationale for developing a new curriculum model gives a brief overview of the theoretical underpinnings of the model and aims to help practitioners envision specific application It is important to realize how narrow views of intelligence limit our growth as individuals and restrict members of diverse cultures who value intelligences that are typically not addressed in schools The Parallel Curriculum provides guidance to teachers of students in various age groups and populations as well as teachers of varied subject areas and in varied programmes contexts

Differentiation for Gifted and Talented Students Carol Ann Tomlinson, Sally M. Reis, Series Editor, 2004-03-06 Focusing on the link between gifted education and general education this resource discusses the benefits of differentiating curriculum and instruction

Differentiation in Practice: A Resource Guide for Differentiating Curriculum, Grades 9-12 Carol Ann Tomlinson, Cindy A. Strickland, 2005-08-15 Join Carol Ann Tomlinson and Cindy A Strickland in the continuing exploration of how real teachers incorporate differentiation principles and strategies throughout an entire instructional unit Focusing on the high school grades but applicable at all levels Differentiation in Practice Grades 9 12 will teach anyone interested in designing and implementing differentiated curriculum how to do so or how to do so more effectively Inside you ll find Annotated lesson plans for differentiated units in English mathematics history science art and world languages Samples of differentiated product assignments learning contracts rubrics and homework handouts An overview of the non negotiables in differentiated classrooms and guidelines for using the book as a learning tool An extended glossary and recommended readings for further exploration of key ideas and strategies Each unit highlights underlying standards delineates learning goals and takes you step by step through the instructional process Unit developers provide running commentary on their use of flexible grouping and pacing tiered assignments and assessments and numerous other strategies The models and insight presented will inform your own differentiation efforts and help you meet the challenge of mixed ability classrooms with academically responsive curriculum appropriate for all learners

Victims of Public Education Donald Kordosky, 2010-05 Rural Gifted Students Victims of Public Education highlights the devastating effects that ineffective education programs are having on the gifted children in almost all small towns across America The book describes the problem in detail with documented facts and provides a solution based on the differentiation of instruction in the traditional heterogeneous classroom Gifted education receives almost no funding

from federal or state coffers In fact the 378 000 gifted children in rural public schools often get nothing more than additional work that is not aligned with their needs or potential Talented and Gifted TAG students are harmed by the very educational system that is supposed to help them achieve their dreams Rural gifted students suffer tremendous emotional cognitive and psychological damage from the current inadequate gifted programs Society is also harmed as the contributions that could be made by these children are lost Dr Kordosky s book investigates the impact of the current system of educating gifted students in rural communities Furthermore a cost effective rural TAG program reform intervention is provided as an alternative to the current practices that Dr Kordosky describes as unethical educational malpractice that hurts not only society but the very children that have the greatest potential to serve humankind Dr Don Kordosky has committed himself to initiating and perpetuating change in how rural gifted children are served Dr Kordosky received a B S in Biology from Culver Stockton College in Canton Missouri and a Masters of Science in Science Education from Oregon State University in Corvallis Oregon He received his Doctorate from Walden University where he developed a program with an emphasis on rural gifted education reform Dr Kordosky is one of only two public school administrators in Oregon to receive the Distinguished Administrator certification from the Oregon Teacher Standards and Practices Commission His current assignment is as Superintendent of the Oakridge School District in the Cascade Mountains of central Oregon Dr Kordosky is the driving force behind KOR EDUCATION a group that focuses on catalyzing the evolution of public education through system changes
