**My Haunted Reality** Rick WAGNER, 2017-09-15 Do you ever get a feeling that you are not alone and that there is something more to life as we see it There are spirits around us all the time leaving us messages if only we would take the time to notice them Why are they here What are they trying to tell us What is the difference between a ghost and a spirit Do they have any influence on us I have answers to these and so many more questions from a lifetime of experiences and encounters along with the lessons I've learned I survived a Near Death Experience NDE on a motorcycle that changed my whole perspective of life and afterlife I have developed a new understanding and perception of the unexplained things happening around us Our fear of ghosts has been instilled in us because of what Hollywood has put into our heads We need to see past all the horror movies and recognize that spirits do

have a reason for being here My stories begin at a young age and increasingly revealed a reality to me that I had rejected at first because I didn't understand what I was being shown It was like spirits were testing me to see how I would respond The more they allowed me to see the more the fear dissipated and I could begin to accept and appreciate all that I was witnessing As I began performing energy clearings for my clients I was always aware of feeling more than just the energy in the room This sensitivity developed into an empathetic form of communication with the spirits around my clients allowing me to receive information about them and their reasons for being here I truly appreciate my ghosts and I wouldn't be alive right now without them These energies actually do have substantial meaning and effects on our lives and having the proper information and knowledge develops our understanding and sensitivity of the spirits around us Learning as much as we can about our existence here and being able to answer some of the rudimentary questions of life is a great way to increase our awareness It is wonderful to see the door of possibility and acceptance opening up more and more as we continue to explore a world of spirituality unexplained phenomena and what I like to call My Haunted Reality **Ghost Channels** Amy
