Space Paw:

Space Mining and Manufacturing Davide Sivoletta, 2019-12-05 This book produces convincing evidence that exploiting the potential of space could help solve many environmental and social issues affecting our planet such as pollution overcrowding resource depletion and conflicts economic inequality social unrest economic instability and unemployment It also touches on the legal problems that will be encountered with the implementation of the new technologies and new laws that will need to be enacted and new organizations that will need to be formed to deal with these changes This proposition for a space economy is not science fiction but well within the remit of current or under development technologies Numerous technologies are described and put together to form a coherent and feasible road map that if implemented could lead humankind towards a brighter future

EVIL WITH IN Chad Taylor, 2009-05-11 Evil With In is based on the life of a child born during a planetary alignment which causes him to be evil The child's mind and abilities develop 6 to 10 times faster than any humans making him a unstoppable killer when he grows into adulthood The book takes you through all kinds of emotion all the things a parent goes through for the ones they love But evil can never be tamed Chad Killinger takes you to a whole new level of horror and suspense Follow the Evil With In saga to see how Chad's rampage plays out

Poets Beyond the Barricade Dale Smith, 2012 Normal0falsefalsefalseEN USX NONEX NONEMicrosoftInternetExplorer4 Since the cultural conflicts over the Vietnam War and civil rights protests poets and poetry have consistently raised questions surrounding public address social relations friction between global policies and democratic institutions and the interpretation of political events and ideas In Poets Beyond the Barricade Rhetoric Citizenship and Dissent after 1960 Dale Smith makes meaningful links among rhetoric literature and cultural studies illustrating how poetry and discussions of it shaped public consciousness from the socially volatile era of the 1960s to the War on Terror of today The book begins by inspecting the correspondence and poetry of Robert Duncan and Denise Levertov which embodies competing perspectives on the role of writers in the Vietnam War and in the peace movement The work addresses the rational critical mode of public discourse initiated by Jürgen Habermas and the relevance of rhetorical studies to literary practice Smith also analyses letters and poetry by Charles Olson that appeared in a New England newspaper in the 1960s and drew attention to city management conflicts land use issues and architectural preservation Public identity and U S social practice are explored in the 1970s and 80s poetry of Lorenzo Thomas and Edward Dorn whose poems articulate tensions between private and public life The book concludes by examining more recent attempts by poets to influence public reflection on crucial events that led to the wars in Iraq and Afghanistan By using digital media public performance and civic encounters mediated by texts these poetic initiatives play a critical role in the formation of cultural identity today Normal0falsefalsefalseMicrosoftInternetExplorer4
