Space Is The Place

Johann Peter Lange

Space Is The Place:

The Place of God in Piers Plowman and Medieval Art Mary Clemente Davlin, 2001 Very few poets except the authors of the Hebrew Scriptures and the New Testament have tried to write in any extended way about God Even Dante confines his vision of Christ and the Trinity to a few passages at the end of Paradiso and most religious lyric poets concentrate more on their own attitudes and reactions to God their prayer longing repentance suffering or joy than on the nature of God Among English poems three narratives Piers Plowman Paradise Lost and Paradise Regained are exceptional in their extensive explicit poetry about god and their direct concern with the mysteries of Biblical faith This work looks at Piers Plowman confronting not only the alterity of culture resulting from a lapse of almost 700 years but also the more profound alterity of the subject matter
