## **Hidden Key To Harry Potter:**

*The Hidden Key to Harry Potter* John Granger, 2002 The Hidden Key to Harry Potter is the first book to take Harry Potter seriously as literature. Low read critics have panned the bestselling novels as the literary equivalent of fast food and as a gateway to the occult. But no one has explained the worldwide popularity of Ms. Rowling's fiction or read it as one would read Tolkien, Hemingway or Shakespeare. The Hidden Key takes the high road to understanding Harry Potter's success through an exploration of the series' structure, themes and symbolism. The astonishing conclusion of this investigation is that Ms. Rowling, demonized by some Christian critics because of its magical setting of her books, is ironically writing the most charming and challenging Christian fiction for children since Lewis' *Chronicles of Narnia*.

*Harry Potter Collector's Handbook* William Silvester, 2010-08-19 Action Figures, Books, Ornaments, Costumes, Calendars, Art, Coins, Dolls, Jewelry, Lunch Boxes, Toys, Movies. Harry Potter casts his spell on collectors, welcoming Muggles to the magic, mystery and merchandise of the wonderful wizarding world of Harry Potter. Harry Potter Collector's Handbook will bewitch you with colorful images and current values of licensed products based on the famous boy wizard and his charming chums and nefarious foes. Just for you, we've conjured 1,000 spellbinding listings, pictures and secondary market values. Information arranged magically in alphabetical order to make it easy to find what you're looking for. A diverse array of collectibles from rare first editions of books worth thousands of dollars to items worth slightly fewer galleons. If you're mesmerized by Pottermania, you'll never want to depart the enchanting world of witchcraft and wizardry presented in Harry Potter Collector's Handbook.

*The Politics of Harry Potter* B. Barratt, 2012-11-09 This political analysis of Harry Potter uses the beloved wizarding world to introduce readers to the equally murky and intimidating world of politics. Rowling's work provides us with entries into all of the most important political questions in history, from terrorism and human rights to the classic foundations of political thought.

**From Harry Potter to the Wizarding World** Cassie Brummitt, 2025-09-30 The Harry Potter franchise is not confined to just the page or the screen but has been and continues to be reimagined and reconfigured through a number of extratextual products, texts and experiences which surround and rework the Harry Potter texts. This book centres around the 2010s or the post-Potter era, a period of unprecedented growth and reinvention for the franchise. Many of the franchising developments produced during this time operated according to distinct strategies to consolidate the legacy of the Harry Potter series or to extend the fictional universe into new settings, media and cultural forms. This book explores six such developments: J. K. Rowling's authorship, the website Pottermore, the Wizarding World of Harry Potter, theme parks, the Warner Bros. Studio Tour in Watford, the Fantastic Beasts films and the stageplay Harry Potter and the Cursed Child to shine a spotlight on a franchise in flux.

**Looking for God in Harry Potter** John Granger, 2004 Granger, a devout Christian literature teacher and father of seven, home-schooled children, gives parents and teachers a roadmap for using the Harry Potter books to teach children Christian truth.
