## **Land Use Law:**

**Land-use Law** Edith Netter, 1981      *The Quiet Revolution in Land Use Control* Fred P. Bosselman, David L. Callies, Council on Environmental Quality (U.S.), 1972      **Land Use Law for Sustainable Development** Nathalie J. Chalifour, Patricia Kameri-Mbote, Lin Heng Lye, John R. Nolon, 2006-11-20 This 2007 book surveys the global experience to date in implementing land use policies that move us further along the sustainable development continuum The international community has long recognized the need to ensure ongoing and future development is conducted sustainably While high level commitments towards sustainable development such as those included in the Rio and Johannesburg Declarations are politically important they are irrelevant if they are not translated into reality on the ground This book includes chapters that discuss the challenges of implementing sustainable land use policies in different regions of the world revealing problems that are common to all jurisdictions and highlighting others that are unique to particular regions It also includes chapters documenting new approaches to sustainable land use such as reforms to property rights regimes and environmental laws Other chapters offer comparisons of approaches in different jurisdictions that can present insights which might not be apparent from a single jurisdiction analysis      **Land Use Law in a Nutshell** Patricia E. Salkin, Jennie C. Nolon, 2021 This book reviews the common law principles that underpin modern land use regulations including covenants and restrictions that work with government regulation to limit the use of private property The Nutshell clearly explains the legal aspects of land planning and regulation project review processes and innovative and flexible regulatory devices Subdivision and site plan regulation local environment law discrimination in zoning based on race and religion regulatory takings inverse condemnation and community development practices are all explored In addition the book discusses the law of smart growth and addresses current trends in land use law including the siting of renewable energy facilities marijuana and drones An appendix of internet based resources is also provided Law and planning students will find that this Nutshell covers the key cases in all land use law textbooks and seasoned practitioners and planners will find the organization and approach to dozens of subject areas beneficial to their understanding of the nuts and bolts of land use law as well as some current trends Publisher      *Future Land Use* Robert W. Burchell, David Listokin, 1975      *Environmental and Land Use Law* Yvonne Scannell, 2006 Environmental and Planning Law will provide a comprehensive analysis of environmental and planning law It will cover all new legislation including the Consolidated Planning Act and the new Planning Regulations since the publication of the first edition Legislation and case law relevant to land use conservation planning air water pollution waste management noise chemical substances and the Environmental Protection Agency are systematically described and analysed
