Star Trek Trek To Madworld:

Trek to Madworld Stephen Goldin,1984 Trek to Madworld Stephen Goldin,1999-08 On an urgent mission of mercy to a dying colony the U S S Enterprise™ is diverted from its course by Enowil an unpredictable exile in charge of a world gone mad With a Klingon and a Romulan warship already under his control Enowil puts Kirk and his crew through an agonizing dangerous test of wits while the colonists of Epsilon Delta 4 await evacuation or certain death CAPTAIN S LOG STARDATE 6191 8 I am faced with one of the most difficult decisions of my career Three days ago the Enterprise was ordered to proceed at maximum warp to Epsilon Delta 4 where 700 colonists are slowly dying of radiation poisoning Our journey there was interrupted when Enowil an eccentric being of unbelievable power seized control of the ship as well as one Klingon and one Romulan star cruiser Offering anything in his power to give as a reward he has asked all of us for help in solving what he refers to as a private matter I ve seen evidence of his power it s incredible If I decline if I take the ship and leave both the Romulans and the Klingons have a chance to obtain what could be an unstoppable weapon and change the galactic balance of power But if I stay I am surely condemning the 700 colonists on Epsilon Delta 4 to a slow and painful death Star Trek Susan R. Gibberman,1991 Star Trek was first beamed into peoples homes in 1966 and when it went off the air three years later it was on its way to being the most successful failure in television history Along the way it spawned nine feature films three new television series novels books video and audio tapes records computer games merchandising tie ins fan clubs and conventions Gibberman has summarized 25 years of just about everything written about Star Trek including details about the stars and guest stars and information about the making of the television series and feature films This work lists over 1 300 English language articles about every aspect of the phenomenon fully indexed Mad World: The Seduction of Insanity Mark Romel,2018-02-07 Blaise Pascal said Men are so necessarily mad that not to be mad would amount to another form of madness Crazy people get locked up Their madness is easy to detect They have drastically disordered thoughts It s as if their dream content is leaking into their daytime reality They don t make sense They can t keep it together They re incoherent They can t interact meaningfully with others They have lost touch with reality But what if there s a second kind of madness a much more subtle and dangerous kind that goes unnoticed In this version of madness people have ordered thoughts indeed often highly ordered They make sense They keep it together They can meaningfully interact with others often brilliantly and they seem completely in touch with reality What s not to like Not one of them is locked up Far from it In fact some of them are running our world Mad Men, Mad World Lauren M.
