**Onslaught: Star Wars Legends** Michael A. Stackpole, 2000-02-01 In this epic of unsurpassed action and imagination Michael Stackpole helps to launch an exciting new era in Star Wars history Onslaught pits the battle tested heroes of the past Luke Skywalker Han Solo and Leia Organa Solo along with the next generation of Jedi and droids against fearsome never before encountered enemies from beyond the galactic rim It is a perilous time for the New Republic Just when unity is needed most mistrust is on the rise Even the Jedi feel the strain as rogue elements rebel against Luke s leadership When alien invaders known as the Yunnan Vong strike without warning the New Republic is thrown on the defensive Merciless warriors the Yunnan Vong glory in torture Their technology is as strange as it is deadly Most ominous of all they are impervious to the Force Now Luke must wield all the awesome powers of a Jedi Master to defeat the gravest threat since Darth Vader As Leia and Gavin Darklighter lead desperate refugees in a fighting retreat from Yunnan Vong forces Mara Jade Anakin Jacen and Corran Horn find themselves tested as never before by a faceless implacable foe determined to smother the light of the New Republic forever beneath a shroud of darkest evil *The Neoconservative Threat to World Order* Paul Craig Roberts, 2015-09-30 This stellar collection of Paul Craig Roberts essays dating from February 2014 explores the extreme dangers in Washington s imposition of vassalage on other countries and Washington s resurrection of distrust among nuclear powers the very distrust that Reagan and Gorbachev worked to eliminate Roberts explains how the collapse of the Soviet Union in 1991 removed the only check on Washington s ability to act unilaterally The United States position as the sole remaining superpower led to the euphoric proclamation of the end of history and to Washington s presumption of the victory of American democratic capitalism over all other systems The neoconservatives became entrenched in successive American administrations both Republican and Democratic Their ideology of US global hegemony the doctrine that no other power will be allowed to arise that could constrain US unilateral action has become a foundational premise of US foreign policy and has led to reckless intervention in Ukraine and an irresponsible assault on Russian national interest In pursuit of hegemony Washington has expanded NATO to Russia s border instigated color revolutions in former constituent parts of the Soviet Union announced a pivot to Asia to encircle China orchestrated a coup in Ukraine demonized Putin and imposed warlike sanctions against Russia These reckless and irresponsible actions have brought back the risk of nuclear war This succession of events has impelled Roberts following an illustrious career in government journalism and academia to perform the clarifying function abandoned by the mainstream media of examining the agendas at work and the risks entailed His insightful commentary is followed all over the world In February 2015 Roberts was invited to address a major International conference in Moscow hosted by Institutes of the Russian Academy of Sciences and Moscow State Institute of International Relations where he delivered the address which is the title of this book In Roberts assessment Washington s drive for
