

STARGAZERS' ALMANAC 2024

A MONTHLY GUIDE TO THE STARS AND PLANETS

Stargazers Almanac

Callum Potter

Stargazers Almanac:

Stargazers' Almanac: a Monthly Guide to the Stars and Planets Bob Mizon, 2024-05-16 Explore the night skies with this beautiful illustrated monthly guide to the stars and planets. This large format almanac allows you to step outside and track the planets, locate the Milky Way, recognise the constellations of the zodiac and watch meteor showers. Stargazers Almanac 2025 is a beautiful month by month guide to the night skies. It's designed specifically for naked eye astronomy, no telescope required, making it ideal for beginners, children and backyard astronomers. It is a perennially popular Christmas gift and one which lasts the whole year round. Each monthly chart features two views of the night sky looking north and south and a visual guide to the phases of the moon and the movements of the planets. Stargazers Almanac 2025 also features advice on how to navigate the night sky, an overhead reference map of the sky, a reference plan of constellations, a glossary of constellations and Latin names, a glossary of brightness of stars, a guide to the signs of the zodiac and how they relate to the stars, a loop and eyelet for easy wall hanging, presented in a sturdy cardboard gift envelope, no shrink wrap. The Stargazers Almanac is suitable for astronomy enthusiasts throughout the Northern Hemisphere's temperate non-tropical latitudes and it is printed on sustainably sourced FSC paper using plant based inks which reduces chemical emissions and makes it easier to recycle.

The Stargazers' Almanac: an Illustrated Month-At-a-Glance Guide to the Night Sky Callum Potter, 2025-05-15 Your year long stargazing companion. This illustrated monthly guide to exploring the stars and planets is designed for naked eye astronomy, perfect for both enthusiasts and beginners. Look up, you don't need a telescope to go stargazing. Navigate the night skies with this beautiful illustrated monthly guide to the stars and planets, now with a new and improved design for 2026. This large format almanac allows you to step outside and track the planets, locate the Milky Way, spot the constellations of the zodiac, watch meteor showers or see a swarm of a thousand stars. The Stargazers Almanac 2026 is a beautiful month by month guide to the night skies. It's designed specifically for naked eye astronomy, no telescope required, making it ideal for beginners, older children and backyard astronomers. It is a perennially popular Holiday gift and one which lasts the whole year round. Each monthly chart features two views of the night sky looking north and south and a visual guide to the phases of the moon and the movements of the planets. The Stargazers Almanac 2026 also features clear and helpful advice throughout, making it perfect for enthusiasts and beginners. New introduction explaining how to use the Almanac, fresh, easy to view layout, an overhead star map for a handy complete visual reference, a list containing the Latin and English names of constellations, a key to the brightness of stars, easy to hang and presented in a sturdy cardboard gift envelope, no shrink wrap. Expert insight from Callum Potter, Director of the British Astronomical Association BAA Deep Sky Section and former President of the BAA. The Stargazers Almanac is suitable for astronomy enthusiasts throughout the Canada, northern USA, the UK and northern Europe. It is made with sustainable paper and plant based inks which reduces chemical emissions and makes it easier to recycle.
