

Stark Young

Caroline Rose

Stark Young:

A Collection of Letters Honoring Stark Young on the Occasion of His Having Been Selected as the First Recipient of the Conference's Distinguished Career Award Southeastern Theatre Conference (U.S.), 1960

Stark Young's Theory and Practice of Translation Caroline Rose, 1949 *Reviewing the South* Sarah Gardner, 2017-04-24

The American South received increased attention from national commentators during the interwar era. Beginning in the 1920s the proliferation of daily book columns and Sunday book supplements in newspapers reflected a growing audience of educated readers and its demand for books and book reviews. This period of intensified scrutiny coincided with a boom in the publishing industry which in turn encouraged newspapers to pay greater attention to the world of books. *Reviewing the South* shows how northern critics were as much involved in the Southern Literary Renaissance as Southern authors and critics. Southern writing Gardner argues served as a litmus to gauge Southern exceptionalism. For critics and their readers nothing less than the region's ability to contribute to the vibrancy and growth of the nation was at stake.

Thinking about the Playwright Eric Bentley, 1987 Essays discuss Ibsen, Strindberg, O'Neill, Brecht, Shaw acting styles, theater controversies, translation, regional drama and the nature of theater.

Race Against Time Jack E. Davis, 2004-10-01 While many studies of race relations have focused on the black experience, *Race against Time* strives to unravel the emotional and cultural foundations of race in the white mind. Jack E. Davis combed primary documents in Natchez, Mississippi, and absorbed the town's oral history to understand white racial attitudes there over the past seven decades, a period rich in social change, strife, and reconciliation. What he found in this community that cultivates for profit a romantic view of the Old South challenges conventional assumptions about racial prejudice. Davis engagingly and effortlessly weaves between nineteenth and twentieth centuries' white observations and black to describe patterns of social interaction in Natchez in the workplace, education, politics, religion, and daily life. It was not he discovers false notions of biological differences reinforced by class and economic conflict that lay at the heart of the town's racial divide but rather the perception of a black-white cultural divergence in values in education, work, and family. White culture was deemed superior, a presumption manifested through a hierarchy of old family elite and other white citizens. Since 1930 Natchez has developed a major tourist industry, downsized sharecropping, expanded its manufacturing sector, and participated in the struggles for civil rights, school desegregation, and black political empowerment. Yet the collective white perception of a mythic past has continued reinforced through the sum of Natchez's public history, social memory, school textbooks, breathtaking antebellum mansions, and world famous Pilgrimage. In *Race against Time* Davis sensitively lays bare the need for shared control of the town's history and the acknowledgment of intercultural dependence to effect true racial equality. Building upon the 1941 classic *Deep South: A Social Anthropological Study of Caste and Class*, Davis brings tremendous passion and insight to the demanding issue of race as he fathoms the contours of Natchez's distinctive racial dynamics in recent decades.

Phil Stone of Oxford Susan Snell, 2008-11-01 William Faulkner is Phil Stone's

contribution to American literature once remarked a mutual confidant of the Nobel laureate and the Oxford Mississippi attorney Despite his friendship with the writer for nearly fifty years Stone is generally regarded as a minor figure in Faulkner studies In her biography Phil Stone of Oxford Susan Snell offers the first complete critical assessment of Stone s role in the transformation of Billy Falkner a promising but directionless young man into William Faulkner arguably the greatest American novelist of the twentieth century In the first decades of their friendship Stone served Faulkner in many ways as mentor muse patron editor agent and publicist Later Stone was among Faulkner s first biographers and was a source of archival biographical and critical information for such Faulkner scholars as James B Meriwether and Carvel Collins Ironically the most intriguing aspect of Stone s relationship with Faulkner has until now been the least studied Stone was one of Faulkner s principal character studies and from his life came the raw material out of which Faulkner constructed a good part of his fictional Yoknapatawpha County Stone s Ivy League education his friendships with gamblers and prostitutes his family s hunting excursions even his family s antebellum mansion only begin to suggest the borrowings from Stone s life found in books ranging from *The Sound and the Fury* and *Go Down Moses* to the *Snopes* trilogy Faulkner also appropriated Stone s personality and profession to mirror and sometimes mask his own insecurities Such characters as Quentin Compson Darl Bundren Horace Benbow and Gavin Stevens owe much to the author himself but also recall Stone in often subtle ways The fraternal rivalries for their mother s love that consume Darl Bundren and Quentin Compson for example are based on Stone s own unhappy family life Bundren s and Compson s mothers more closely resemble Stone s mother than Faulkner s In Stone Faulkner saw the Old South confronting its twentieth century crucibles the teeming rapacious white lower classes the Great Depression and the first stirrings of the civil rights and women s movements In the 1930s Faulkner recurrently dealt with the region s decadence and the fall of old patriarchies like the Compson and Sartoris families During these years Faulkner s fortunes rose steadily as Stone s declined but it is Stone s story not his own that he chose to tell Snell says that in a sense Faulkner usurped Stone s place in the South s social order building his reputation and acquiring real estate as personal and financial failures nearly overwhelmed Stone Stone s transparent jealousy of Faulkner personality flaws and mental instability in his final years have engendered skepticism about his claims concerning the years he had spent fooling with Bill But to hastily relegate Stone to the marginalia of Yoknapatawpha County Snell suggests is to leave untapped a rich source of information Phil Stone of Oxford tells the tragic story of a talented complex man bred for power in the declining era of southern patriarchy yet compelled to pursue the Muse vicariously *Lives of Mississippi Authors, 1817-1967* James B.
