Starkweather Harry N. MacLean,2023-11-28 THE DEFINITIVE STORY OF CHARLES STARKWEATHER often considered to be the first mass killer in the modern age of America Starkweather is a story about a different time in a different America A grim story and that grimness is the paradoxical joy of reading MacLean the raw chill creeping through your veins that feels authentic to the place and the crimes the lean and vivid sentences rivaling Capote s In Cold Blood and Mailer s The Executioner s Song The Washington Post A Best Book of the Year On January 21 1958 nineteen year old Charles Starkweather changed the course of crime in the United States when he murdered the parents and sister of his fourteen year

old girlfriend and possible accomplice Caril Ann Fugate in a house on the edge of Lincoln Nebraska They then drove to the nearby town of Bennet where a farmer was robbed and killed When Starkweather s car broke down the teenagers who stopped to help were murdered and jammed into a storm cellar By the time the dust settled ten innocent people were dead and the city of Lincoln was in a state of terror Schools closed Men with rifles perched on the roofs of their houses The National Guard patrolled the street If there is a cultural version of PTSD the town suffered from it Starkweather and Fugate s capture and arrest and the resulting trials about the killing spree received worldwide coverage The event would serve as the inspiration for the movie Natural Born Killers and Springsteen s iconic album Nebraska Today the story has dropped far from the national consciousness With new material new reporting and new conclusions about the possible guilt or innocence of Fugate the tale is ripe for an updated and definitive retelling In Starkweather bestselling author Harry N MacLean tells the story of this shocking event and its lasting impact a crime spree that struck deep into the heart of the heartland **Editor & Publisher** ,1959 The fourth estate *Subject Catalog* Library of Congress,
