speaking world now included the literary criticism of fantasy as part of their English Literature courses None the less some critics and academics condemned the whole genre with a passion that seemed less than objectively critical In this book originally published in 1984 Dr Ann Swinfen presents a wide ranging and comprehensive view of fantasy what it is what it tries to achieve what fundamental differences distinguish it from mainstream realist fiction She concentrates on the three decades from 1945 when a new generation of writers found that Tolkein had made fantasy respectable Her approach is thematic rather than by individual author and she brings out the profound moral purpose that underlies much modern fantasy in a wide range of works both British and American such as Russell Hoban s *The Mouse and His Child* C S Lewis s *Chronicles of Narnia* and Ursula Le Guin s *Earthsea Trilogy* **The Starlight Barking** Dodie Smith,1986 [The Starlight Barking](#) More about the Hundred and One Dalmatians.
