The Cambridge Companion to American Literature of the 1930s William Solomon, 2018-09-20 This Companion offers a compelling survey of American literature in the 1930s These thirteen new essays by accomplished scholars in the field provide re examinations of crucial trends in the decade the rise of the proletarian novel the intersection of radical politics and experimental aesthetics the documentary turn the rise of left wing theatres popular fictional genres the impact of Marxist thought on African American historical writing the relation of modernist prose to mass entertainment Placing such issues in their political and economic contexts this Companion constitutes an excellent introduction to a vital area of critical and scholarly inquiry This collection also functions as a valuable reference guide to Depression era cultural practice furnishing readers with a chronology of important historical events in the decade and crucial publication dates as well as a wide ranging bibliography for those interested in reading further into the field The Complete Works of Charles Dickens in Thirty Volumes Charles Dickens, 1900 Millionaire by Thirty Douglas R. Andrew, Emron Andrew, Aaron Andrew, 2008-04-30 The definitive easy to understand and breakthrough guide on how young people can take their limited first income and turn it into a small fortune by the time they turn thirty from an expert financial planner Most people know that there are 70 million Baby Boomers in America today but what is less known is that there are approximately 100 million people in America between the ages of 16 and 30 This generation has just entered or will soon be entering the work force And they have no idea how to invest save or handle their money Young people today come out of school having had little or no formal education on the basics of money management Many have large debts from student loans looming over their heads And many feel confused and powerless when their pricey educations don t translate into high paying jobs They feel that their 30 000 40 000 salary is too meager to bother with investing and they constantly fear that there will be too much month left at the end of their money Douglas R Andrew has shown the parents of this generation a different pathway to financial freedom Now Doug and his sons Emron and Aaron both of whom are in their mid 20s show the under 30 crowd how they can break from traditional 401k investment plans and instead can find a better way by investing in real estate budgeting effectively avoiding unnecessary taxes and using life insurance to create tax free income With the principles outlined in Millionaire by Thirty recent graduates will be earning enough interest on their savings to meet their basic living expenses by the time they re 30 And by the time they re 35 their investments will be earning more money than they are guaranteeing them a happy wealthy future Marx, Lenin, and the Revolutionary Experience Paul LeBlanc, 2014-06-03 Marx Lenin and the Revolutionary Experience offers a fresh look at Communism both the bad and good and also touches on anarchism Christian theory conservatism liberalism Marxism and more to argue for the enduring relevance of Karl Marx and V I Lenin as democratic revolutionaries It examines the Red Decade of the 1930s and the civil rights movement and the New Left of the 1960s in the United States as well Studying the past to grapple with issues of war and terrorism exploitation hunger ecological crisis and
