Star Children:

Star Children Georg Kühlewind, 2004 While working on this book the following happened to me As I checked in at the airport in Hamburg a young couple was in front of me and the mother had a three to four month old baby in her arms All of a sudden the baby turned round looked me straight in the eye and I was deeply shaken for that was not the look of a baby but of a very self aware adult a wise one and he appeared to see right through me Georg K hlewind Who are the star children In recent years much has been written about gifted children with special abilities sometimes called indigo children or crystal children It is said that these children are coming to earth to help humanity in its development Based on extensive research Georg K hlewind confirms that this new generation has been incarnating among us for the past couple of decades This event he states is one of the most important of our age Unlike many other contributors to this discussion K hlewind gives us the necessary background to follow experientially what he has to say He takes us consciously and scientifically into the realm from which we all enter the world as babies trailing clouds of glory We all possess the tools he describes for taking this path our thoughts our heart forces and our willpower By using these faculties with full attention by focusing our attentiveness and eliminating everything else we can enter the realm of the spirit where the prevailing laws are different from those on Earth The author helps us by closing each chapter with themes for contemplation and meditation *Star Children* is a compelling addition to the literature on the theme of special children offering a unique perspective based on Spiritual Science and research

Soul Identification and Other Goodies..... Sarah A. Schweitzer, 2011-11-10 Have you ever questioned who you really are Have you ever wondered about your soul Are you an Old Soul A Newly Awakened Soul Are you still soul sleeping Are you a Star Child Are you an Indigo Child Why have The Elohim and Hybrid souls incarnated Who are the Crystal Children If you are reading the back of this book thenb you belong to one of the soul groups listed above Which group do you belong to Find your soul home identity in the pages of this book [Children Writing the Holocaust](#) S. Vice, 2004-06-29 This book examines a wide range of works written by and about child survivors and victims of the Holocaust The writers analyzed range from Anne Frank and Saul Friedlander to Ida Fink and Louis Begley topics covered include the Kindertransport experience exile to Siberia living in hiding Jewish children masquerading as Christian and ghetto diaries Throughout the argument is made that these texts use such similar techniques and structures that children s eye views of the Holocaust constitute a discrete literary genre

Morning Star's Child Joseramon Aguilar F., 2007-09-24 Morning Star s Child is the painful spiritual journey of Kevin McCulloum from the Church s unspoken directive to her gay sons The confusion of the soul that comes from the church s rejection forces the young man born under the influence of planet Venus the planet of love and beauty to search for spiritual honesty and compassion on the teachings of Buddha and Jesus Christ It presents the story of two young men that due to circumstances not under their control are unable to love one another and their attempt to cheat their ill fated relationship We are introduced to Kevin as his puritanical father rejects him when the father realizes that his

beautiful son is gay In a trip to Italy he finds out from a gypsy fortune teller that he is fated to a life of loneliness and that he is doomed to not finding his ideal mate or partner in life He comes back to Chicago only to find that his father still rejects him In the year when the planet Venus has completed its 8 cycle run across the sky and has emerged from the underworld Kevin runs away to Puerto Vallarta where he meets a priest and recognizes him to be his other half from previous lives Because our hero is not meant to find happiness in this life cycle he is sent away by his priest friend to find the life he is unable to give him But before he leaves they travel to the Copper Canyon to make a sacrifice to the Goddess of Love where they swear to love one another in this life In doing so they attract the attention of the gods trapped within the stars to their doomed relationship In the canyon an Indian priestess tells Eduardo that Kevin will live an unfulfilled life and that when the 8 cycles of planet Venus going around the sun have been completed once again Kevin will come back to him dying and together they will witness the passing of their souls Kevin is made to forget all that has happened in Mexico but he is promised that on a night when witches rule the night and the time has come for his return he will remember all that has been hidden from him We find our hero now living in San Francisco He is an incredibly beautiful man who has not been able to form a lasting relationship with anyone including his father but who has been true to the spiritual honesty and compassions to others He has written a fictional novel mirroring his experiences in Mexico Eight cycles of Venus going around the sun have passed since he was made to forget meeting Eduardo and Kevin is now thirty years old On this fated year Kevin finds out that he doesn't have long to live and is dying of AIDS And on the night of Halloween when witches rule the night he descends to the Castro to join the feast On this night all is revealed to him and he remembers as he was promised the truth He leaves San Francisco and returns to Mexico in search of Eduardo for the meeting and passage of their souls
