Star Quarterbacks Of The Nfl:

More Distant Memories Danny Jones, 2006-12-12 This book is about Pro Football's best ever players and forgotten heroes from a bygone era. They were the superstars of the NFL and the AFL during the fabulous 50's, the glorious 60's and the fun loving 70's. However, none of these legends are in the Pro Football Hall of Fame in Canton, Ohio, with the exception of Bob Brown who was finally selected in 2004 and Gene Hickerson who was selected in 2007. These exciting players revolutionized the game of Pro Football with their outstanding performances and were the NFL's and AFL's biggest gate attractions. This book is a sequel to my first book *Distant Memories: The NFL's Best Ever Players of the 60's and 70's*. I have chronicled the careers of 30 great football players and have provided you a glimpse back at the best seasons, longest touchdowns and the big plays of their illustrious careers. Most of these men should be in the Hall of Fame. J. D. Hill and Golden Richards will never be selected because they don't have the statistics, but they were 2 of the NFL's most sensational players. All of these players had Hall of Fame talent and most of them also had Hall of Fame like statistics. *More Distant Memories* is more than a book about great football players. It's about the men who played the game and the humanity behind the facemasks. These legendary heroes and mavericks provided excitement and happiness to millions of football fans across America. These players are lost treasures and have simply been forgotten as time goes by. They were brilliant players and dedicated professionals. Their place in Pro Football history is secure regardless of any Hall of Fame status. It was these trailblazers, legends and other stars from the glorious past that made Pro Football our national pastime and America's game. Enjoy your trip down memory lane. <http://www.starsofthenfl.com/index.html>

The 2012 Nomination and the Future of the Republican Party William J. Miller Jr., 2013-08-28 The 2012 Republican nomination process went on longer than most pundits predicted early on. While Mitt Romney began the season as the prohibitive favorite, he was tested repeatedly by what was seemingly the Republican flavor of the week, including Michele Bachmann, Herman Cain, Rick Warren, Newt Gingrich and Rick Santorum. The sheer number of candidates who were viewed as legitimate contenders demonstrate the fundamental concern facing Republicans moving forward: a fractured party. The pro-business Tea Party and evangelical Christian wings disagreed in 2010 on who would provide the best alternative to Democratic President Barack Obama, and as a result created a crippling nomination period. By the time Romney was able to claim victory, he was severely wounded after countless attacks from his fellow Republicans. To this internal discontent, we can also add the changing national demographics that could lead to electoral problems for Republicans in their own right. Consider that Mitt Romney did better with older white male voters than John McCain had. Unfortunately, the share of the national vote for this demographic decreased from 2008 to 2012. As Rand Paul stated recently, the time has come for Republicans to reach out to individuals who do not fit the stereotyped

Republican image if they have any hope of being successful In this volume we assess how the 2012 GOP nomination cycle is indicative of just how the Republican Party has become in the words of pundit Cuck Warren a Mad Men Party in a Modern Family World *The NFL's Official Encyclopedic History of Professional Football* National Football League Properties, inc.
