Starpilots Grave:

Starpilot's Grave Debra Doyle, James D. Macdonald, 1993-06-15 A pilot goes undercover to hunt down an assassin in this classic space opera adventure sequel to *The Price of the Stars*. Blockaded, restricted, and forgotten, the Mageworlds would never threaten the Republic again. A broken and drifting ship, its long dead captain still strapped in the command seat, that's what free spacers call a starpilot's grave. When one of these derelict craft appears in the Net, the artificial barrier zone separating the Republic from the Mageworlds, the discovery is no accident. It's a sign, a warning that the Mageworlds have not forgotten the Republic and the Magelords make long plans. But the Magelords weren't planning on Beka Rosselin. Metadi Beka has unfinished business to take care of, and his name is Ebenra D. Caer, the man who arranged her mother's murder. D. Caer is safe, he thinks, hidden among the Mages on the far side of the Net. Flying under a false name and false colors, Beka penetrates the Magezone and finds more than anyone expected. The Magelords have discovered a fatal weakness in the Republic's defenses and are poised to wreak their vengeance on the hated enemy. The Mages are too strong. They must prevail. Unless one woman in one ship can do the impossible.

Interstellar starpilot F. Stephan, 2019-10-07 Surviving was just the beginning. Now Brian faces his deepest fears. He has already faced the dangers of the outlying worlds' pirates and mad AIs, surviving but with deep scars. He has also made powerful enemies along the way. Separated from his friends, facing both jealousy from colleagues and hatred from enemies, and with a new set of skills to master the odds stacked up against him, while everyone else is betting against him, can he find new allies and new strengths? In the paradise of the perfectly balanced Core World, can Brian find his own place? *Interstellar Starpilots* continues the explorations that began in *Human Starpilots*. If you like classic Robert Heinlein tales mixed with speculative L. E. Modesitt Jr. adventure, you are going to love this exciting new adventure.

Banner of the Stars: Volume 1 Hiroyuki Morioka, 2019-12-17 You journeyed with Jint and Lafier through three volumes of interplanetary scale action and intrigue in *CREST OF THE STARS*. Through pain and companionship, they forged their way through an impossible ordeal unscathed. But that adventure, though grand, was just the introduction to a larger, decades-spanning chronicle of galactic war. Join our two heroes, now bona fide starpilots, appointed to a warship in an Abh Empire fleet as they participate in their very first official military operation. They are tasked with helping defend a strategically crucial star system from the Three Nations Alliance. Complications arise, however, when they learn that their commanding officer is none other than the sister of the Abh baron they killed three years prior.
