The Metaphysics Aristotle, 2004-05-27 The Metaphysics presents Aristotle's mature rejection of both the Platonic theory that what we perceive is just a pale reflection of reality and the hardheaded view that all processes are ultimately material He argued instead that the reality or substance of things lies in their concrete forms and in so doing he probed some of the deepest questions of philosophy What is existence How is change possible And are there certain things that must exist for anything else to exist at all The seminal notions discussed in The Metaphysics of substance and associated concepts of matter and form essence and accident potentiality and actuality have had a profound and enduring influence and laid the foundations for one of the central branches of Western philosophy

The New Reproductive Order Sarah Franklin, Marcia C. Inhorn, 2025-04-22 The transformative impact of new reproductive technologies over the past half century Both fertility and infertility are commonly depicted as individual biological and choice dependent conditions that can be mediated by technology In contrast The New Reproductive Order documents the complex material historical and political forces that both enable and limit human reproductivity while also arguing that both fertility and infertility have become condensed symbols of wider changes to family forms national political agendas global economies and local environments Combining anthropological sociological and intersectional feminist research from across the globe this landmark volume reveals how changing perceptions of fertility and infertility are altering how people imagine pursue and experience reproductivity both individually and collectively Using a comparative global methodology based on detailed case studies The New Reproductive Order persuasively argues that changing perceptions of fertility and infertility are giving rise to a distinctive reproductive politics based on new models of reproductive cause and effect This groundbreaking and sophisticated volume opens new horizons of scholarship on the relationship between fertility infertility reproductive technologies and social change as well as
