URSULA K. LE GUIN THE DISPOSSESSED

A man in a dark, long-sleeved shirt and light-colored pants stands on a barren, rocky landscape. In the background, a massive, glowing orange sun or planet dominates the left side of the frame, casting a long, bright glow across the scene. The sky is a deep purple, filled with numerous small, bright stars. The overall atmosphere is one of vastness and isolation.

AN ASTONISHING TALE OF
ONE MAN'S SEARCH FOR UTOPIA.

The Dispossessed:

The New Utopian Politics of Ursula K. Le Guin's *The Dispossessed* Laurence Davis, Peter G. Stillman, 2005-01-01 *The Dispossessed* has been described by political thinker Andre Gorz as The most striking description I know of the seductions and snares of self managed communist or in other words anarchist society To date however the radical social cultural and political ramifications of Le Guin s multiple award winning novel remain woefully under explored Editors Laurence Davis and Peter Stillman right this state of affairs in the first ever collection of original essays devoted to Le Guin s novel Among the topics covered in this wide ranging international and interdisciplinary collection are the anarchist ecological post consumerist temporal revolutionary and open ended utopian politics of *The Dispossessed* The book concludes with an essay by Le Guin written specially for this volume in which she reassesses the novel in light of the development of her own thinking over the past 30 years

The Dispossessed Ursula K. Le Guin, 2015-09-30 One of the very best must read novels of all time with a new introduction by Roddy Doyle A well told tale signifying a good deal one to be read again and again THE TIMES The book I wish I had written It s so far away from my own imagination I d love to sit at my desk one day and discover that I could think and write like Ursula Le Guin Roddy Doyle Le Guin is a writer of phenomenal power OBSERVER There was a wall It did not look important even a child could climb it But the idea was real Like all walls it was ambiguous two faced What was inside it and what was outside it depended upon which side of it you were on Shevek is brilliant scientist who is attempting to find a new theory of time but there are those who are jealous of his work and will do anything to block him So he leaves his homeland hoping to find a place of more liberty and tolerance Initially feted Shevek soon finds himself being used as a pawn in a deadly political game With powerful themes of freedom society and the natural world s influence on competition and co operation THE DISPOSSESSED is a true classic of the 20th century *The Dispossessed* Ursula K. to study this harrowing situation Here he presents a powerful personalized version of his official report to the United Nations examining the causes and consequences of internal displacement the legal standards for protection and assistance enforcement mechanisms the prevailing conditions in the affected countries and the urgent need for an international response In a compelling first person narrative Protecting the Dispossessed follows Deng s investigation and is based on interviews and information from governments international organizations individuals and visits to countries in Europe Africa and Latin America Deng argues that national sovereignty entails a responsibility to ensure the safety and welfare of the citizens and to protect fundamental human rights When nations cannot or will not meet that responsibility the international community must uphold this standard and make violators accountable While he acknowledges that steps are being taken in the right direction there is still much to be done He presents a bold proposal one that requires substantial change in the international system in the politics of major governments and in the relations between states BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **The Dispossessed** Ursula K.
