Kukulska-Hulme, Junjie Gavin Wu, 2024-12-27 This collection is a comprehensive resource on the state of second language vocabulary learning today building on earlier studies to spotlight the diversity of issues and foci in the field toward encouraging further advancements in both research and practice The volume foregrounds the importance of vocabulary learning in language teaching and learning and in effective written and verbal communication charting the range of approaches and theories used to address the unique challenges of vocabulary instruction While there exists a well established body of vocabulary research this book takes those lines of inquiry in new directions by exploring how technology has shifted the focus from teacher led delivery to more activity driven experiences Chapters from prominent researchers and rising scholars feature studies on emergent approaches in virtual environments such as interactive whiteboards CMC virtual world learning and mobile assisted language learning In offering a holistic portrait of technology enhanced vocabulary learning the volume makes the case for the power of technological tools in fostering optimal environments for encouraging vocabulary acquisition and in turn the potential opportunities for future research and pedagogical applications This book will be of interest to students and scholars in second language acquisition language education TESOL and applied linguistics

### **Designing Learning with Digital Play** Fei Victor Lim, Weimin Toh, 2025-12-15 Lim and Toh provide updates on recent

research on digital play and learning and unite game based learning with multimodal and social semiotic theories They adopt the position that teachers or caregivers scaffolding is required when games are used in a pedagogical context such as the classroom The book offers a nuanced view of the nature and properties of games beyond motivation including the students interest and use of digital play The chapters explore the varied ways in which games are designed to promote critical thinking and reflection It expands on the teachers or caregivers scaffolding of students digital play in pedagogical contexts such as in a classroom setting where students are guided to reflect on how they perceive the representations in the game world With this openness and interest towards digital play the authors argue that it is timely for us to examine the value of digital play for learning that it can foster literacy development as well as promote growth in the affective domain They echo the call for design principles in digital play to inform the design of students learning experiences and explore ways in which digital play can be integrated into teaching and learning This book covers a topic which is both relevant and urgent in today s digital age Of interest to anyone involved in designing learning with digital play this volume will be of particular value to students and scholars in education curriculum design pedagogy as well as multimodality [Mandarin Chinese Dual](#)

[Language Immersion Programs](#) Ko-Yin Sung, Hsiao-Mei Tsai, 2019-06-05 This book discusses multiple aspects of Chinese dual language immersion DLI programs with a focus on the controversial Utah model The first part of the book focuses on the parents teachers and school administrators It looks at the perceptions of the three groups toward the Utah model how they

build a supportive DLI classroom with an emphasis on teacher teacher and teacher parent communication and how the teachers position themselves in teaching through their teacher identities The second part of the book emphasizes classroom research and explores teaching and learning strategies corrective feedback and learner uptake and repair translanguaging in authentic teacher student interaction and Chinese character teaching As the first DLI book to include a non alphabetical language Chinese it addresses the need for more research on DLI programs of languages other than Spanish The book will benefit not only Chinese DLI educators and administrators in the US but will also offer some useful suggestions and thoughts to educators and administrators of similar programs worldwide
