Social Judgment J. Richard Eiser, 1990 In broad terms social judgement is concerned with how we make sense of our social world This book is about the relevance of processes such as attitudes impressions self appraisals and the interplay of emotion and rationality to social psychology

The Construction of Social Judgments Leonard L. Martin, Abraham Tesser, 2013-05-13 Researchers have been addressing social judgment from a cognitive perspective for more than 15 years Within recent years however it has become increasingly clear that many of the models and assumptions initially adopted are in need of revision The chapters in this volume point out where the original models and assumptions have fallen short and suggest directions for future research and theorizing The contributors address issues related to judgment memory affect attitudes and self perception In addition many present theoretical frameworks within which these different issues can be integrated As such this volume represents the transition from one era of social cognition research to the next

Attitude and Attitude Change Carolyn W. Sherif, Muzafer Sherif, Roger Ellis Nebergall, 1965 In this book the social judgment involvement approach to the study of attitude and attitude change are presented The book outlines a systematic framework substantiated by a series of new research findings many of them published previously The approach has shaped itself gradually during the last thirty years as authors have proceeded cautiously and at times slowly At every step the authors took stock of material from the research of others as well as theirs

The Self in Social Judgment Mark D. Alicke, David A. Dunning, Joachim Krueger, 2013-05-13 The volume begins with a historical overview of the self in social judgment and outlines the major issues Subsequent chapters all written by leading experts in their respective areas identify and elaborate four major themes regarding the self in social judgment the role of the self as an information source for evaluating others or what has been called social projection the assumption of personal superiority as reflected in the pervasive tendency for people to view their characteristics more favorably than those of others the role of the self as a comparison standard from or toward which other people's behaviors and attributes are assimilated or contrasted the relative weight people place on the individual and collective selves in defining their attributes and comparing them to those of other people

Social Judgement Theory Michael E. Doherty, 1996 This special issue of *Thinking and Reasoning* is devoted to social judgement theory SJT which has its origins in Egon Brunswik's probabilistic functionalism The first paper discusses the history and theory of SJT and explores Hammond's distinction between coherence and correspondence criteria The next paper presents the major methodological approaches of

SJT with a focus on the Lens Model Four applications follow including an exploration of the medical applications of SJT
