Social Work Practicum:

The Practicum Companion for Social Work Julie Birkenmaier, Marla Berg-Weger, 2007 The ideal companion for the first field practicum experience this text guides students through their placement while reinforcing the link between social work theory and practice. It includes detailed information on the field practicum experience from start to finish. Topics covered include establishing a professional identity, working safely, making the most of practicum supervision, organizational issues, micro, mezzo, and macro social work practice, social work and the legal system, and terminating effectively from the practicum. To make the material more accessible, the book follows the progress of five students: Ben, Cameron, Corina, Lauren, and Rosa, as they move through their own practicum experiences. Their real life stories help spur discussion while allowing students to apply the knowledge, skills, and/or issues presented in the text. To further stimulate critical thinking and discussion, the text provides discussion questions and practice applications in each unit. Many of the applications were developed in conjunction with agency based field instructors.

This handbook incorporates a critical and ecologically focused lens with an emphasis on resilience, healing, and strengths based approaches. With contributions from over 60 experts in the field of social work education, psychology, and counselling, this comprehensive book provides current understandings of how trauma manifests in the lived experience of social work students. The book begins by introducing why trauma informed care is needed in social work and addresses the reality of historical trauma. Each chapter views the social work student at the center of the educational journey and considers how trauma can shape experiences in various settings such as the classroom, curriculum, field educational policy, and community involvement and support services. Chapters cover topics such as the neuroscience of trauma, poverty, disability, racism, experiential approaches, online course delivery, climate change, mindfulness, student mental wellbeing, and more. This handbook is a must read for social work educators and field instructors who seek to prevent and lessen trauma in their social work pedagogy. It is also beneficial for undergraduate and graduate courses such as child and youth care, addiction services, and foundations of social work.

Tanga, Richard Ingram, 2024-06-06. This timely Routledge Handbook creates a much needed space to explore what makes social work uniquely African as well as shaping, informing and influencing a new culturally relevant era of social work. The specific focus on social work education offers approaches to transition away from the hegemony of Western literature, knowledge and practice models underpinning African social work education. The authors identify what is relevant and meaningful to inform, influence and reconceptualise culturally relevant social work curriculum. Covering Botswana, Cameroon, Ethiopia, Ghana, Guinea, Kenya, Malawi, Nigeria, South Africa, Tanzania, Uganda, Zambia and Zimbabwe, the Handbook comprises both empirical and conceptual chapters, multiple approaches, case studies and key debates on social work education. It is structured in four parts: Approaches to Indigenising, Decolonising and Developing Culturally Relevant Social Work Education; Social Work Education Evolution across Contexts; Embedding Field Practicum into Social Work Education; Knowledge Exchange between the Global South and Global North. The range of indigenous local knowledge that the Handbook presents is crucial to social work evolving and facilitating for reciprocal learning and knowledge exchange between the Global South and Global North. Whilst the context of the Handbook is Africa, the topics covered are relevant to a global audience engaged in social justice work across social work, social welfare, social development and sustainability.
