## **Social Control In China A Study Of Chinese Work Units:**

Social Control in China Victor N. Shaw, 1996-06-21 China is in the midst of dramatic economic and social reform that may well suggest a long term developmental trend toward modernization and democracy This evolution in the structure of Chinese society means that the authoritarian social control system in China must change if loss of community ties dislocation and social disintegration are to be avoided in the coming years This book provides a blueprint for the social architecture of China and offers an argument for how change in the essential structure of Chinese society must be implemented Shaw s investigation of work units the building blocks of contemporary China pinpoints them as the primary sites of social control and as the most important components of any efforts at reform

### **China's Thought Management**

Anne-Marie Brady, 2012-02-06 China s Thought Management argues that by re-emphasizing and modernizing propaganda and thought work since 1989 the CCP has managed to overcome a succession of local and national level crises the Tiananmen Square protests of 1989 the impact of the collapse Socialism in the Eastern bloc SARS ethnic clashes in Tibet and Xinjiang to name but a few emerging re-strengthened and as dominant in Chinese society as ever The contributors to this book address such crucial issues as the new emphasis on economic propaganda the continued importance of the PLA propaganda system in China s overall propaganda work and political stability how the CCP uses Confucianism in its foreign and domestic propaganda and new approaches to mass persuasion such as campaigns of mass distraction Each chapter is a case study of the multiple ways in which the CCP has modified and adjusted its propaganda to reflect China s changed economic and political environment Challenging readers to reconceptualise mainstream understandings of the CCP s hold on power and the means the CCP government adopts to maintain its authority to rule this book will be invaluable reading for anyone interested in the Chinese media and Chinese politics

### **Social Disciplining and Civilising Processes in China**

Thomas Heberer, 2023-08-11 This book argues that a major part of the Chinese government s road map formulated in 2017 to modernise China comprehensively by 2049 is the process of social disciplining It contends that the Chinese state sees that modernisation and modernity encompass not only economic and political administrative change but are also related to the organisation of society in general and the disciplining of this society and its individuals to create people with modernised minds and behaviour and that moreover the Chinese state is aspiring to a modernity with Chinese characteristics The question of modernising by disciplining was extensively dealt with in the twentieth century by leading Western social scientists including Max Weber Norbert Elias and Michel Foucault who argued that disciplining extending from external coercion towards the internalisation of restraints is indispensable for achieving social order and thereby for civilisation but defined from a European perspective in relation to developments in Europe This book therefore not only discusses the Chinese experience of social disciplining but also by looking at a non-Western society identifies universal tendencies of societal change and social disciplining and separates them from particular occurrences

### **Crime and Social Control in a**

**Changing China** Jianhong Liu, Lening Zhang, Steven F. Messner, 2001-08-30 This important edited collection of articles by both Chinese and American scholars attempts to promote a more accurate and in depth understanding of crime and social control in China as it undergoes significant cultural economic and social change The editors contend that as the economic system has been transformed many other social institutions in China have also experienced unprecedented changes including legal institutions and other organizations responsible for social control The essays focus on crime in China and summarize the major structural changes in Chinese society and their effects on crime and justice over the last ten to fifteen years offer an overview of Chinese perspectives on crime examine socio economic changes and their impact on social control and discuss changes in adults and children's courts and the new changes in Chinese policing in Chinese society Organized into four parts this work addresses the nature extent and special features of crime and delinquency in China under conditions of social change It also investigates the question of the social correlation of changing patterns of crime The impact of social transition on the changes in the grassroots level of social control is also discussed Chinese law and criminal justice with particular focus on the courts police and crime prevention are mentioned as well This unique collection of essays is a timely and significant contribution to the fields of comparative criminology social control Chinese studies and legal studies

**Management and International Review** Wolfgang Weber, Marion Festing, Peter J. Dowling, 2013-11-11 Social Control in the People's Republic of China Ronald J. Troyer, John P. Clark, Dean G. Rojek, 1989-09-07 Where other books have discussed selected social practices in China this volume is unique in its coverage of the entire social control apparatus of that country The contributors to this comprehensive study describe the design and operation of the Chinese social control system Drawing on data gathered in China the book introduces readers to China's unusual blend of formal and informal devices at the individual and neighborhood level up through the formal criminal justice system This social control approach stresses citizen involvement and emphasizes prevention rather than reaction The various chapters describe how the criminal justice system operates when these devices fail The book's primary conclusion is that the low rates of deviance in China are a consequence of extensive social control efforts at the grassroots level These grassroots devices are carefully controlled by the government At the same time however China is rapidly changing There is an extensive development of a formal criminal justice system and rapid economic development The contributors predict that China's crime rate will rise as these trends continue Professional criminologists as well as students and scholars of criminology delinquency and comparative criminal justice systems will find this book a valuable resource The Journal of Asian Studies Association for Asian studies (Etats-Unis), 1997 **The Journal of Developing Areas**, 1996 **Journal of Contemporary Criminal Justice**, 1998

**Research on the Chinese Work Unit Society** Han Lin Li, Qi Wang, 1996 The book concentrates on the problem of the phenomena of the Chinese work unit In this book we try to answer the question why the Chinese society can be treated as a work unit society How do the work unit organizations influence the every day life of Chinese people What are their social

functions Where do they come from How does the work unit organization affect the social integration and social control in the Chinese society Part one is a general literature review about the work unit organization which is concerned with the problem of how it motivates people Part two is a cognitive description of the current work unit organization its characteristics its historical roots and its development Part three is a historical study about the Chinese traditional clan system It argues that striking similarities exist between the Dan Wei organization and the clan system Part four and five are case studies about this work unit society from a different point of view based on the surveys in 1987 and 1993 *Chinese Law and Government* ,1998 **The Reform of Employee Compensation in China's Industrial Enterprises** Cherrie Jihua Zhu,1998 **Doing Fieldwork in China** Maria Heimer,Stig Thøgersen,2006 Doing fieldwork inside the PRC is an eye opening but sometimes also deeply frustrating experience In this volume scholars from around the world reflect on their own fieldwork practice in order to give practical advice and discuss more general theoretical points 田世鼎等,1997

Chall,2003 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers **Introduction to Criminology** Anthony Walsh,Craig Hemmens,2010-12-09 A unique text reader that takes a comprehensive interdisciplinary approach to the study of criminology Providing an affordable alternative to the standard textbook this new edition of the authors popular text reader provides instructors and students the best of both worlds authored text with carefully selected accompanying readings Now thoroughly updated with new articles new content and new statistics tables and figures this Second Edition provides an interdisciplinary perspective on crime and criminality that incorporates the latest theories concepts and research from sociology psychology genetics evolutionary biology and the neurosciences The new edition is divided into 15 sections that mirror chapters in a typical criminology textbook New to This Edition A new Section 11 on Mass Murder and Terrorism makes coverage of these high interest topics even more accessible Section 10 now focuses only on murder rape robbery aggravated assault and domestic violence making it easier for students to absorb the material New articles appear in the structural theories section the sections devoted to violent crime and throughout the text reader as needed The authors now more closely link sections on types of crime to sections on theory to give readers a more cohesive understanding of the connections between the two Contemporary criminologists favored theories drawn from a survey of 770 criminologists now appear in a table to give readers insight into the professional opinion today on criminological theories Features Each Section has a 15 page introduction a mini chapter that contains vignettes photos tables and graphs end of chapter questions and Web exercises followed by three to four supporting readings Theory Section introductions contain a unique table that compares and contrasts the theories presented while theory concluding sub sections focus on policy and crime prevention A How to Read a Research Article guide which

appears prior to the first reading illustrates key aspects of a research article The book's readings are drawn from carefully selected edited journal articles appropriate for an undergraduate audience The George Washington International Law Review, 2004 日本国政府 (Japan), 日本国政府. #p / #c 日本国政府, 1998 **ONE QUARTER**

**OF HUMANITY** James Z. LEE, Wang. Feng, 2009-06-30 One Quarter of Humanity presents evidence about historical and contemporary Chinese population behavior that overturns much of the received wisdom about the differences between China and the West James Lee and Wang Feng argue that there has been effective regulation of population growth in China through a variety of practices that depressed marital fertility to levels far below European standards and through the widespread practices of infanticide and abortion These practices and other distinctive features of the Chinese demographic and social system they argue led to a different demographic transition in China from the one that took place in the West

The Cost of Reform John F. Jones, Asfaw Kumssa, 2000 This book is about the social impact of reform in the transitional economies of Europe Asia and Africa Whatever the advantages of adopting a market orientation and there are many the countries which have taken this road have had a high price to pay If one were to ask a Siberian miner or a Ukrainian woman selling vegetables in a village market whether the switch from socialism to capitalism was worth the rewards the question would likely evoke complaints about months of unpaid wages or persistent poverty The disappearance of the iron rice bowl in China draws praise from the neoclassic economist looking on from the outside but for the displaced worker going from city to city in search of employment the reaction will not be so enthusiastic In the move from central planning to a market economy there have been winners and losers The winners are those in a position to use the changing economic circumstances to their advantage and those having access to the goods and services of the market But there are also among the poor and vulnerable groups consistent losers in the shuffling of opportunities rewards and costs The problems of people caught in economic reform are acute whether the emerging economies are shaped by sudden revolution from within as in Eastern Europe and Mongolia or by international pressure from outside frequently at the urging of the World Bank and the International Monetary Fund IMF as in some African countries or by the gradualism of socialist market systems like China Vietnam or Laos The social consequences of transition are significant and they form the principal concern and focus of this volume Its contributors both authors and editors recognize globalization and the technological revolution already in place and acknowledge the necessity for national economies to take advantage of the new freedoms and opportunities which the twenty first century heralds But while endorsing the efforts of countries to liberalize to build their markets and share the benefits of a world economy the book's various authors are primarily concerned with the socioeconomic consequences of transition on the lives of people The country case studies they present examine that impact
