JAMES A. BECKFORD

CAMBRIDGE

# Social Theory And Religion

**Bryan S. Turner**

## **Social Theory And Religion:**

*Social Theory and Religion* James A. Beckford, 2003-08-21 Many aspects of religion are puzzling these days This book looks at ways of improving our understanding of religious change by strengthening the links between social theory and the social scientific study of religion It clarifies the social processes involved in constructing religion and non religion in public and private life Taking illustrations of the importance of these boundaries from studies of secularisation religious diversity globalisation religious movements and self identity James A Beckford reviews the current state of social scientific knowledge about religion

**Social Theory and Religion** James A. Beckford, 2014-05-14 This 2003 book explores the links between social theory and the social scientific study of religion

*Social Theory and Religion* James A. Beckford, 2003 This book looks at ways of improving our understanding of religious change by strengthening the links between social theory and the social scientific study of religion James Beckford reviews the current state of social scientific knowledge about religion He clarifies the social processes involved in constructing religious and non religious environments in public and private life Beckford reveals the importance of these boundaries by referring to studies of secularization religious diversity globalization religious movements and self identity

*Religion and Social Theory* Bryan S. Turner, 1983 The second edition of this major book on the social analysis of religion incorporates a substantial new introduction by Bryan S Turner Religion and Social Theory assesses the different theoretical approaches to the social function of religion Turner discusses at length the ideas of key contributors to these approaches including Engels Durkheim Weber Nietzsche Freud Parsons Marcuse Habermas and Foucault In so doing he develops a distinctive perspective on the role of religion as an institutional link between economic and human reproduction Social theories of religion are explored through a resolutely comparative and historical analysis of the Abrahamic faiths Judaism Islam and Christianity Relating c

**Sociological Theory and the Question of Religion**

Andrew McKinnon, Marta Trzebiatowska, 2016-04-01 Religion lies near the heart of the classical sociological tradition yet it no longer occupies the same place within the contemporary sociological enterprise This relative absence has left sociology under prepared for thinking about religion s continuing importance in new issues movements and events in the twenty first century This book seeks to address this lacunae by offering a variety of theoretical perspectives on the study of religion that bridge the gap between mainstream concerns of sociologists and the sociology of religion Following an assessment of the current state of the field the authors develop an emerging critical perspective within the sociology of religion with particular focus on the importance of historical background Re assessing the themes of aesthetics listening and different degrees of spiritual self discipline the authors draw on ethnographic studies of religious involvement in Norway and the UK They highlight the importance of power in the sociology of religion with help from Pierre Bourdieu Marx and Critical Discourse Analysis This book points to emerging currents in the field and offers a productive and lively way forward not just for sociological theory of religion but for the sociology of religion more generally

Religion, Realism and Social Theory Philip

A Mellor, 2004-10-18 This book challenges those contemporary sociologists who argue that the notion of society is an outmoded basis for sociological analysis and instead revitalizes the idea that sociology is truly the study of society Mellor returns the human and religious aspects of social life to the centre of social theory *Toward a Sociological Theory of Religion and Health* Anthony Blasi, 2011-07-12 This book seeks to involve recognized researchers in the social scientific study of health medicine and religion which has burgeoned across the past twenty years toward more general theoretical development within the field particularly with respect to the elderly and disadvantaged *A Social Theory of Religious Education* George Albert Coe, 1917 *A Theory of Religion* Rodney Stark, William Sims Bainbridge, 1996 Winner of the 1993 Distinguished Book Award Pacific Sociological Association A major work in three different areas of sociology A Theory of Religion is a model of how to build a systematic theory a leading accomplishment of the rational choice school and a comprehensive theory of religion It is a sobering as well as penetrating vision This book deserves a great deal of attention both in the sociology of religion and in wider realms of social theory Randall Collins Journal for the Scientific Study of Religion The value of this book lies in the distance it carries sociology toward a scientific theory of religion and in the sustained rigor of its deductive application It is a must read for anyone interested in the scientific study of religion or the formal axiomatization of sociology Thomas Ryba Zygon Stark and Bainbridge have made pioneering and enduring efforts in writing this book and to a large extent they have been successful in their attempt to explain deductively why and how the phenomena of religion occur K Peter Takayama Journal of Church and State In this unique text Stark and Bainbridge begin with basic statements about human nature and employing the principles of logic and philosophy build toward increasingly complex propositions about societies and their religious institutions They provide a rigorous yet flexible sociological theory or religion as well as a general sociological model for deriving macrolevel theory from microlevel evidence Rodney Stark is a professor of sociology and of comparative religion at the University of Washington and co author of The Churching of America 1776 2005 Winners and Losers in Our Religious Economy Rutgers University Press William Sims Bainbridge is director of the sociology program at the National Science Foundation and author of Goals in Space American Values and the Future of Technology **The Sacred Canopy** Peter L. Berger, 1990-09-01 An absorbing and original examination that brilliantly argues that religion is a product of the society from which it springs featuring illustrations drawn from a variety of primitive ancient and contemporary religions In this book Berger that religion is the sacred canopy which every human society builds over its world to give it meaning expanding on theories of knowledge that he first explored with Thomas Luckmann in The Social Construction of Reality **Interpreting Charles Taylor's Social Theory on Religion and Secularization** Germán McKenzie, 2016-12-02 This book examines Taylorean social theory its sources main characteristics and impact Charles Taylor's meta narrative of secularization in the West prominently contained in his major work A Secular Age 2007 has brought new insight on the social and cultural factors that intervened in such process the role of human agency

and particularly on the contemporary conditions of belief in North America and Europe This study discusses what Taylor s approach has brought to the scholarly debate on Western secularization which has been carried on mostly in sociological terms McKenzie interprets Taylor s views in a way that offers an original social theory Such interpretation is possible with the help of sociologist Margaret Archer s morphogenetic theory and by making the most of Taylor s particular understanding of the method of the social sciences and of his philosophical views on human beings knowledge and modernity After exploring the philosophical and sociological sources informing Taylorean social theory and proposing its basic concepts and hermeneutic guidelines the author compares it with two widespread theories of secularization the now waning orthodox account and that proposed by Rational Choice Theory scholars particularly prevalent in the United States In doing so the book shows in which ways Taylorean social theory supersedes them what new issues it brings into the scholarly discussion and what difficulties might limit its future development

**Readings in the Sociology of Religion** Joan Brothers,A. H.

Richmond,2016-07-02 Readings in the Sociology of Religion *Social Theory and Christian Thought (RLE Social Theory)*

Werner Stark,2014-08-07 Almost all the great religious thinkers of the past have developed a social as well as theological doctrine but their sociology was as a rule merely implicit in their work or at best half formulated so that careful study and analysis is needed to bring it out This is the task which Dr Stark has set himself in the present essays He has searched the writings of St Augustine Paschal Newman and Kierkegaard for the sociological ideas they contain and shows that their social philosophies were varied profound fascinating and surprisingly definite Dr Stark seeks the theological conceptions present in and basic to the teachings of some outstanding secular sociologists economists and philosophers such as Adam Smith Kant Hegel Marx the Darwinians Bergson Scheler and Meinecke and proves that their systems were built around a religious centre even though they themselves were at times unaware of it

Social Theory John Bascom,1895 The Invisible Religion Thomas Luckmann,2022-12-27 The Invisible Religion is a modern classic of social science Its influence goes well beyond sociology as it continues to inspire research in such diverse fields as sociology of knowledge ethnology theology sociology of religion and religious studies In this volume the author endeavours to answer one of the most important questions regarding religion in modern times Are Western societies indeed becoming more secular as they modernize His surprising answer is still part of the ongoing debates about secularization as he argues that rather than a decline of religion we are witnessing a shift from an older Church centered form to another invisible and still largely unexplored form of religion

Explaining why focusing only on Church when discussing religion is inadequate this book presents a thorough case for reframing the question of the status of religion in modern life in a way that makes visible forms of religion hitherto unseen and sketches some aspects of this new form As such it will appeal to sociologists with interests in social theory religion and the secularization thesis

**Religion and Social Theory** ,1983

Hans Mol and the Sociology of Religion Adam J.

Powell,2017-01-27 Hans Mol s imprisonment by the Gestapo during World War II began a long intellectual journey exploring

the role of religion in society Part One of this book includes a brief outline of Mol's most influential theory explicated in *Identity and the Sacred* 1976 Part Two is comprised of four previously unpublished essays written by Mol during the 70s and 80s covering topics from evolution to evangelicalism This volume concludes with transcripts of interviews conducted with Hans Mol during 2012 This volume of Mol's work will be of keen interest to academics and students with an interest in the sociology of religion post World War II and the development of contemporary Christian theology *Marx, Critical Theory, and Religion* Warren Goldstein, Warren S. Goldstein, 2006 This collection of essays brings together scholars who use frameworks provided by Marx and Critical Theory in analyzing religion Its goal is to establish a critical theory of religion within sociology of religion as an alternative to rational choice

**Religion and Politics in the European Union** François Foret, 2015-02-05 This book analyzes the place and influence of religion in European politics François Foret presents the first data ever collected on the religious beliefs of European decision makers and what they do with these beliefs Discussing popular assumptions such as the return of religion aggressive European secularism and religious lobbying Foret offers objective data and non normative conceptual frameworks to clarify some major issues in the contemporary political debate

*Religion and Authoritarianism* Karrie J. Koesel, 2014-02-28 This book examines the political consequences of growing religiosity in countries where politics are repressive and religious freedoms are in flux The study compares how two authoritarian regimes Russia and China manage religion and how religious communities navigate restrictive political environments to pursue their own spiritual and economic interests

Immerse yourself in the artistry of words with Crafted by is expressive creation, **Social Theory And Religion** .
