Greene,2011-12-31 Human Behavior Theory and Social Work Practice remains a foundation work for those interested in the practice and teaching of social work Roberta Greene covers theoretical areas and individual theorists including classical psychoanalytic thought Eriksonian theory Carl Rogers cognitive theory systems theory ecological perspectives social construction feminism and genetics She discusses the historical context its philosophical roots and major assumptions of each theory The general theme which distinguishes this volume is that the person in environment perspective has been a central influence in the formation of the profession s knowledge base as well as its approach to practice Greene provides perspective on how individuals and social systems interact This book examines how social workers can use theory to

shape social work practice by increasing his or her understanding of and potential for enhancing human well being Greene covers the relationship between human behavior theory and professional social work practice She also explores the challenges and limitations of each theory and addresses the following issues how the theory serves as a framework for social work practice how the theory lends itself to an understanding of individual family group community or organizational behavior what the implications are of the theory for social work interventions or practice strategies and what role it proposes for the social worker as a change agent Throughout the profession s history social workers have turned to a number of theoretical approaches for the organizing concepts needed to define their practice base The aims of social work to improve societal conditions and to enhance social functioning of and between individuals families and groups are put into action across all fields of practice and realized through a variety of methods in a range of settings This third edition completely revised represents a fundamental contribution to the field and like its predecessors will be widely used as a basic text

**Reflective Practice in Social Work** Andy Mantell,Terry Scragg,2018-12-29 Reflective practice is at the heart of becoming a competent and confident social worker It s both a key element of learning and development on social work courses and an important aspect of social work practice This accessible and introductory text explores a range of approaches to reflective practice to help students become more confident in answering key questions including what is reflective practice how do I develop as a reflective practitioner and how do I maintain reflective practice in key contexts There are many useful resources such as Writing reflective journals Communicating well with service users and carers and Reflective practice while on placements

**Political Social Work** Shannon R. Lane,Suzanne Pritzker,2017-12-16 This social work book is the first of its kind describing practical steps that social workers can take to shape and influence both policy and politics It prepares social workers and social work students to impact political action and subsequent policy with a detailed real world framework for turning ideas into concrete goals and strategies for effecting change Tracing the roots of social work in response to systemic social inequality it clearly relates the tenets of social work to the challenges and opportunities of modern social change The book identifies the core domains of political social work including engaging individuals and communities in voting influencing policy agendas and seeking and holding elected office Chapters elaborate on the necessary skills for political social work featuring discussion examples and critical thinking exercises in such vital areas as Power empowerment and conflict engaging effectively with power in political settings Getting on the agenda assessing the political context and developing political strategy Planning the political intervention advocacy and electoral campaigns Empowering voters Persuasive political communication Budgeting and allocating resources Evaluating political social work efforts Making ethical decisions in political social work Political Social Work is a potent reference for social work professionals practitioners and students seeking core political knowledge and skills to practically advance their work For specialists and generalists alike it solidifies political action as vital for the evolution of the field

Greene,Nancy P. Kropf,2011-12-31 As American society becomes increasingly diverse social workers must use a variety of human behavior frameworks to understand their clients culturally complex concerns This text applies specific human behavior theories to diversity practice They show how human behavior theory can be employed in interventions in the life problems of diverse client populations at the individual group social network and societal levels Several groups are examined They include minority groups ethnic groups women older adults members of certain social classes affected by economic and educational disadvantage especially those living in poverty people with developmental disabilities people of varying sexual and gender orientations and religious groups Case studies that illustrate social work practice in the area are highlighted The case studies include Social Work Practice within a Diversity Framework The Social Work Interview Symbolic Interactionism Social Work Assessment Meaning and Language Erikson's Eight Stages of Development Role Theory and Social Work Practice A Constructionist Approach Risk Resilience and Resettlement Addressing Diverse Family Forms Small Group Theory Natural Social Networks Power Factors in Social Work Practice This volume will be a fundamental resource for practitioners and an essential tool for training Foundations of Social Work Practice in the Field of Aging Roberta Rubin Greene,2007 The aging of societies is a global phenomenon In the United States alone the life expectancy for both men and women will

continue to increase over the next few decades and with that a population explosion of older adults The dramatic increase in the number and diversity of older adults elevates the visibility of gerontological matters As a result social work practice is becoming more multigenerational thereby demanding social workers regardless of their professional endeavors to be equipped with the most innovative theories and practices to serve older adults and their families This comprehensive text spans the new knowledge and skills required in direct practice areas group work and macro practice It also outlines the Geriatric Social Work Competencies as developed by social work educators necessary to serve the older adult population and suggests how these competencies can be integrated into foundation curriculum Social work educators students practitioners administrators and policymakers will find updated useful information in this text regarding assessment tools cultural influences evidence based practices intervention techniques theoretical examples Individuals are living longer and healthier lives in part because of the extraordinary growth of biomedical knowledge and public health initiatives The confluence of the rapid and large increase of the older population and the exponential increase in the dissemination of knowledge create an imperative for social workers to employ the most recent knowledge in their practice with people living increasingly long lives
