

SOCIAL GROUP

A social group is composed of two or more people who interact and identify with each other and share a common objective or purpose. This interaction and shared identification form the basis of society, ranging from small groups like families to larger ones like communities, religious groups, or entire societies.

Social Groups In Polish Society

Goodson, Lisa, Phillimore, Jenny

Social Groups In Polish Society:

Social Groups in Polish Society David Stuart Lane, David Lane, George Kolankiewicz, 1973 Compilation of social research papers on the impact of social change on social class and social structure in Poland from 1945 to 1973 includes material on the characteristics of the working class rural workers the intellectual elite engineers and top management local level political leadership etc and covers political aspects of intergroup relations Bibliography pp 349 to 365 map references and statistical tables

State, Society and Intelligentsia Janusz Zarnowski, 2024-10-28 The subject of this volume is the social and political history of East Central Europe in the 19th and 20th centuries with particular emphasis on Polish society in the interwar period 1918-1939 and the role of the intelligentsia. These articles make available the results of work otherwise published only in the author's books in Polish. The first part deals with key themes in the history of the last two centuries: nationalism and the nation state, the role of culture in the recovery of Polish independence, the Versailles system and the growth of authoritarianism and fascism. The second part focuses on the history of Polish society in the 20th century, highlighting the extraordinary importance of the intelligentsia in modern Poland. Two articles also discuss the impact of new technologies and media in interwar Poland.

Cultural Contrasts in Dublin Astrid Wonneberger, 2011 Up to the 1990s Dublin and Irish urban cultures had only been marginally studied by cultural and social anthropologists even though the Greater Dublin Area has been home to almost one third of the Republic's population for several decades. From this time, anthropologists slowly became aware of the variety of cultural groups and topics which shape Ireland's capital. This growing awareness went hand in hand with the major economic, architectural, social and cultural changes which Dublin was experiencing. Sparked by Ireland's membership of the EU then EEC and accelerated by the Celtic Tiger economy and increasing numbers of immigrants, the city has turned into a multicultural space of a variety unprecedented before. The articles in this book are based on a student research project in Dublin in 2006 presenting four ethnographic case studies ranging from immigration and the formation of new religious groups to survival strategies of the urban homeless.

Community Unionism J. McBride, I. Greenwood, 2009-05-14 This book examines the concept of community unionism which argues that the future of the labour movement and industrial relations lies with the community and local labour markets. Providing a conceptual overview of the term, the book uses international case studies and draws on faith-based organizations to explore the issue.

Community Research for Participation Goodson, Lisa, Phillimore, Jenny, 2012-07-18 Presenting the latest thinking in the field, this book bridges a major gap in knowledge by considering both theoretical and practical issues relating to community research methodologies.

The Australian People James Jupp, 2001-10 Australia is one of the most ethnically diverse societies in the world today. From its ancient indigenous origins to British colonisation followed by waves of European then international migration in the twentieth century, the island continent is home to people from all over the globe. Each new wave of settlers has had a profound impact on Australian society and culture. The Australian

People documents the dramatic history of Australian settlement and describes the rich ethnic and cultural inheritance of the nation through the contributions of its people. It is one of the largest reference works of its kind with approximately 250 expert contributors and almost one million words. Illustrated in colour and black and white the book is both a comprehensive encyclopedia and a survey of the controversial debates about citizenship and multiculturalism now that Australia has attained the centenary of its federation

Safety, Danger, and Protection in the Family and Community Szymon Chrząstowski, Arlene Vetere, 2023-11-08 This book provides an analysis of the meaning of safety and security across the contexts of community and public life throughout the life span and within a therapeutic framework examining threats and the strategies for coping with them. The book starts in Part I with a discussion of general safety and security concepts in the socio cultural context. Part II of the book details the role of a sense of security in psychological assistance, psychotherapy and supervision while Part III centres on safety and security at different life stages. Drawing on the tenets of modern attachment theory and trauma theory chapter authors address questions of safety, danger and protection for both individuals and groups across a variety of fields of knowledge and expertise. Themes such as loneliness, play and exploration, evil and forgiveness, health and death and spirituality and healing are discussed as practice examples, learning points and tips. A wide range of health and social care professional practitioners will find this book useful in exploring social, interpersonal and psychological aspects of safety and security

Social groups in polish society. ed. by l. and k David Lane, George Kolankiewicz, Political and social processes in eastern europe, 1973 **Polacy W Albercie** Joanna Matejko, 1979 **Directory of Community Legislation in Force and Other Acts of the Community Institutions**, 2003 **The Commons**, 1896 **The Social Welfare Forum** National Conference of Social Work (U.S.).
