Social Work Practice Cases And Principles

Kate Wilson

Social Work Practice Cases And Principles:

Social Work Practice Cynthia Bisman,1994 Incorporating the components of practice relationship assessment communication self awareness use of self and intervention Cynthia Bisman presents general principles that all practitioners can follow and helps you understand how what is done is related to why it is done Social Work Practice Cases and Principles also features Material from over twenty five case studies including verbatim dialogue taken from process recordings audio and video tapes that exposes the gritty reality of social workers in practice with clients Discussion of new concepts including relationship as a belief bonding self awareness use of self as practitioner observation and assessment as the social workers case history And much much more

Values and Ethics in Social Work Practice Lester Parrott,2010-04-12 It is vital that social workers have a deep and critical understanding of the social work value base and are able to analyse and apply values and ethics to their everyday practice This fully revised edition of one of our best selling titles identifies current issues in social work and then applies an ethical dimension These issues are then investigated further within an anti discriminatory framework and against the background of the code of practice for social care workers and employers Traditional value perspectives are clearly explained and current developments in virtue theory and the ethics of care for social work are also introduced

Ethics and Values in Social Work: Oxford Bibliographies Online Research Guide Oxford University Press,2010-05-01 This ebook is a selective guide designed to help scholars and students of social work find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related A reader will discover for instance the most reliable introductions and overviews to the topic and the most important publications on various areas of scholarly interest within this topic In social work as in other disciplines researchers at all levels are drowning in potentially useful scholarly information and this guide has been created as a tool for cutting through that material to find the exact source you need This ebook is a static version of an article from Oxford Bibliographies Online Social Work a dynamic continuously updated online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study and practice of social work Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit [www aboutobo com](http://www.aboutobo.com)

Human Behavior Theory for Social Work Practice Terry Koenig,John Thompson,Rick Spano,2025-12-04 Human Behavior Theory for Social Work Practice offers an in depth exploration of human behavior theory and helps students connect each theory to social work practice Instead of following the traditional lifespan approach the book introduces key theories and shows how they apply to case examples across different life stages With insights from years in social work practice Terry Koenig John Thompson and Rick Spano

share case examples that encourage students to engage deeply with ideas and respond to challenges with clarity and care. The new Second Edition addresses all three levels of practice with a strong emphasis on neuroscience ethics and provides a comprehensive foundation into the history of the profession equipping students to think critically, act ethically and grow into reflective practitioners.

Social Work Case Management Betsy Vourlekis, Roberta R. Greene, 2017-07-05 This new practice text provides a series of readings focusing on case management in a number of fields and in a variety of settings with different client populations. Each chapter examines a major component of case management practice by presenting information about an innovative program from a different location around the country. In conjunction, these readings provide a road map to social work case management. In addition to offering up to date practice approaches and examining the functions and skills of case management in depth, the authors provide the policy information needed for putting this traditional form of social work practice into today's service delivery context.

Social Work Case Management Michael J. Holosko, 2017-01-30 *Social Work Case Management Case Studies From the Frontlines* by Michael J. Holosko is an innovative book that equips readers with the knowledge and skills they need to be effective case management practitioners in a variety of health and human service organizations. A must read for students and professionals in social work, this important work introduces a unique Task Centered Case Management Model built around the unifying principles of the profession: person in environment, strengths based work, and ecological perspective. Over twenty case studies by case managers and professionals offer innovative practice insights illustrating the practice roles and responsibilities of today's case managers and the realities of conducting case management in today's growing, exciting and challenging field.

Social Work Kate Wilson, 2008 *Social Work: An Introduction to Contemporary Practice* is an exciting new and uniquely comprehensive introduction to the field. Essential knowledge and skills are examined with authority and depth, and key debates are approached in an accessible, informative and engaging way. Underpinned by research and advice to make close illustrative links with practice, this text will stimulate interest and actively engage the reader. Richly supported throughout with examples and real life case scenarios, the authors encourage the reader to adopt a critical and reflective approach. Furthermore, as social work exists to help people through complex and painful transitions in life, the book sets the relationship at the heart centre of social work practice. This text will be essential reading for social work students on undergraduate and post graduate training programmes, newly qualified social workers and practitioners in a variety of settings.

Ethical Standards in Social Work Frederic G. Reamer, 2006 This second edition is an in depth analysis of the NASW Code of Ethics. It presents an updated overview of relevant literature and the appendix provides examples of challenging ethics cases. This practical guide is designed to assist social workers make sound ethical decisions.

School of Social Work University of Connecticut. *School of Social Work*, 1959 *Principles of Social Work Practice* Molly R. Hancock, 2012-12-06 *Principles of Social Work Practice* is the first textbook to deal exclusively and thoroughly with the significant principles of social work practice and methods that integrate

these principles into the common base of practice You will learn from case examples how to apply crucial ethical personal and methodological principles to different practice areas As you increase your understanding of the nature of professional social work and the essence of its value base and Code of Ethics you also learn to develop approaches to social work practice that are sensitive to a multicultural clientele You will leave this book with useful skills and a flexibility that allow you to work not only with individuals but also with families couples groups organizations and communities As you read Principles of Social Work Practice you will heighten your sensitivity to the professional worker client relationship and its role as a primary instrument of positive change Using this book as a guide you can develop your own strategies for facilitating change and growth that will result in the satisfaction of long term personal and social goals Simultaneously you will build a framework for social work practice that has at its foundation a strong sense of individual worth and dignity A unique combination of theory and practice readers gain insight into confidentiality the nonjudgmental attitude controlled emotional involvement self determination respect for the individual empowerment Principles of Social Work Practice illustrates for advanced undergraduates and graduate students how to effectively intervene in the conflicts that evolve between clients needs for well being and development and the demands or restrictions of public attitudes or social policy You will sharpen your skills and construct indispensable methods for helping individuals establish vital links with their communities

Proceedings of the National Conference of Social Work National Conference on Social Welfare, 1886 *Sociology and Social Research*, 1929
Includes the section Book notes Foundations of Social Work Practice in the Field of Aging Roberta Rubin Greene, 2007

The aging of societies is a global phenomenon In the United States alone the life expectancy for both men and women will continue to increase over the next few decades and with that a population explosion of older adults The dramatic increase in the number and diversity of older adults elevates the visibility of gerontological matters As a result social work practice is becoming more multigenerational thereby demanding social workers regardless of their professional endeavors to be equipped with the most innovative theories and practices to serve older adults and their families This comprehensive text spans the new knowledge and skills required in direct practice areas group work and macro practice It also outlines the Geriatric Social Work Competencies as developed by social work educators necessary to serve the older adult population and suggests how these competencies can be integrated into foundation curriculum Social work educators students practitioners administrators and policymakers will find updated useful information in this text regarding assessment tools cultural influences evidence based practices intervention techniques theoretical examples Individuals are living longer and healthier lives in part because of the extraordinary growth of biomedical knowledge and public health initiatives The confluence of the rapid and large increase of the older population and the exponential increase in the dissemination of knowledge create an imperative for social workers to employ the most recent knowledge in their practice with people living increasingly long lives
