It is launched at a moment when important and highly interesting developments can be observed in the United Kingdom a country without a traditional social pedagogy model has started importing social pedagogy from countries with a social pedagogy tradition. Volume II proposes chapters on work with adults including social problems, physical and mental disabilities and older people written by authors based in Belgium, Denmark, Norway, Poland, Spain, Sweden and Switzerland. Readers will find chapters discussing the implications regarding the use of educational theories to conceptualise social pedagogy as well as the relevance of life long learning debates not only in academia but also in politics. The global worldwide dimension is covered by a chapter on the relationship between Latin American and European social pedagogy.
