## **Ten Strategies For Preaching In A Multi Media Culture:**

**The Digital Pulpit** Sunggu A. Yang, 2024-12-12 The focus of this volume is the practice of preaching as it is developed and performed in today's revolutionary context of digital technology and social media. In the twentieth century the Christian pulpit adopted and made good use of digital technology and social media be it via television, radio, film, cassette, or CD-ROM. Now the revolutionary nature of digital technology and social media in the twenty-first century demands an entirely new theological assessment with methodological adoptive concerns in relation to the practice of preaching. In this volume a group of global homileticsians provides their unique insights to the following questions and more: What technologies do we have at our disposal and what technologies can we use in connection with preaching? If any, do we have a fine homiletical theology of digital technology and social media? What are the best practices of preaching that can be conducted with current digital technology and social media platforms? What merits and harms have we found in those best practices? What new homiletical strategies are emerging in the current technological and social media context? What contributions or connections do we see from existing homiletical theories in the current context of preaching?

*Retelling the Story* Larry Lange, 2005 Is the typical didactic sermon still an adequate vehicle for communicating essential biblical truth? In this provocative and enlightening volume Larry Lange contends that story sermons are a far more effective way to proclaim the Good News in a modern world that largely communicates through narrative-driven multimedia spectacle. The powerful stories in the Bible don't need to be turned into morals or ideas to convey the gospel. But because they were composed in a radically different cultural context they may require additional explanation or interpretation to make them relevant for contemporary audiences. So how can a preacher add narrative elements to these stories without diminishing their dramatic impact or changing their meaning? *Retelling The Story* outlines an innovative process for retelling biblical stories that utilizes fictional elements and contexts yet remains faithful to the scriptural text. Several creative and homiletical issues are comprehensively examined and six sample sermons are included to illustrate various aspects of this process at work. Inject exciting new life into the old old story with this primer for developing dramatic sermons that touch hearts and minds and souls. Lange's book is very well connected to recent homiletical literature, is well researched, deeply biblical, and creatively challenging. Parish pastors will benefit from this clear and brief presentation of biblical retelling.

Richard A. Jensen, Carlson Professor of Homiletics, emeritus, Lutheran School of Theology at Chicago. Larry Lange and his wife Julie Wrubbel Lange serve as the pastors of Grace Lutheran Church in Green Bay, Wisconsin. Lange is a graduate of Carthage College, BA the University of Wisconsin Milwaukee, MA the Lutheran School of Theology at Chicago, M.Div. and the Association of Chicago Theological Schools, D.Min.

**Preaching Words** John S. McClure, 2007-01-01 John McClure's *Preaching Words* highlights the most important ideas in homiletics and preaching, offering short explanations of these ideas, what scholars of preaching are saying about them, and how they can help in today's preaching. Topics range from elements of the sermon (introduction, body, and conclusion) to aspects of delivery (types of
