***The Tenure of Phil Wisdom*** Craig Edward Clifford, 1995 The Tenure of Phil Wisdom is a collection of eight dialogues based on the Platonic model but set in contemporary America. It provides significant reading as it complements current Plato scholarship and provides cultural commentary on the state of higher education. It is a timely and resourceful text for use in a variety of philosophy classes logic courses dealing with argument evaluation upper level or graduate courses dealing with higher education and speech courses on First Amendment issues. The Tenure of Phil Wisdom also goes beyond the classroom to appeal to a diversity of readers especially those interested in the culture wars being fought on college and university campuses. ***Learned Ignorance in the Medicine Bow Mountains*** Craig Clifford, 2008-01-01 This book is an apologia for the rooted intellectual against the disdainful condescension of the cosmopolitan intellectual an apology in the Socratic sense of the word. It reflects the author's Texas rootedness unapologetically and offers a polemical but thoughtful indictment of the intellectual prejudice against rootedness but it is ultimately about the universal human struggle with origins. ***Updating the Literary West***, 1997 Western writers says Thomas J Lyon in his epilogue to *Updating the Literary West* have grown up with the frontier myth but now find themselves in the early stages of creating a new western myth. The editors of the *Literary History of the American West* TCU Press 1987 hoped that the first volume would begin not conclude their exploration of the West's literary heritage. Out of this hope comes *Updating the Literary West* a comprehensive reference anthology including essays by over one hundred scholars. A selected bibliography is included with each piece. In the ten years since publication of LHAW western writing has developed a significantly larger presence in the national literary stream. A variety of cultural viewpoints have developed along with new tactics for literary study. New authors have risen to prominence and the range of subjects has changed and widened. *Updating the Literary West* looks at topics ranging from western classics to cowboys and Cadillacs and considers children's literature ethnicity environmental writing gender issues and other topics in which change has been rapid since publication of LHAW. This volume again affirms the West's literary legitimacy status hard earned by the Western Literary Association and the lasting place of popular western writing as part of the growing and changing literary and American experience. An excellent reference for a wide range of readers and an invaluable resource for scholars and libraries. Selected list of contributors James Maguire Fred Erisman Susan J Rosowski Gerald Haslam Tom Pilkington A Carl Bredahl Richard Slotkin John G Cawelti Robert F Gish Ann Ronald Mick McAllister.

**Artificial General Intelligence (AGI) and the Image of God** Peter J. Bellini,2023-09-19 Can artificial intelligence AI attain human level consciousness And if so should the church minister salvation to AI Through engaging philosophy of mind AI research the cognitive sciences neuroscience and theological anthropology Dr Bellini attempts to answer these questions The hypothesis is if the hard problem of consciousness can be solved and if human consciousness is replicable in AI then attaining artificial general conscious intelligence AGCI is possible and perhaps needs to be evangelized or discipled as some claim On the contrary if the hard problem of consciousness cannot be solved and human consciousness is not replicable in AI then AGCI is not possible and it does not need to be evangelized And in either case how can the church begin a theological conversation with AI with its potential to match and exceed human intelligence and performance A theological position on consciousness and the image of God is proposed demonstrating the uniqueness of human consciousness in contrast with AI and artificial consciousness A thorough exposition of the image of God is offered to serve as a cornerstone for any future conversation on a theological perspective of machines AI
