The Of Steps The Syriac Liber Graduum Paperback:

The Book of Steps Robert A. Kitchen, 2004 Intentionally anonymous and lacking concrete details of historical and cultural setting and for many years suspected of messalianism this collection of thirty memre discourses has been long recognized as an important yet understudied work of the fourth century Syriac Church The Liber Graduum records the ups and downs of a real christian community and is not a theoretical projection The author meanders through many themes but always calls the readers back to the steps of Uprightness and Perfection So it is also with a person once he has lowered himself from all things that are on earth has broken his mind night and day who counts everyone else better than himself has emptied himself from all he possessed and kisses the feet of his enemies Our Lord will look upon this person s lowliness and send him the Spirit the Paraclete and he shall know the whole truth translation of the script on the cover **The Syriac Book of Steps**

Robert A. Kitchen, Martien F. G. Parmentier, 2009 The Book of Steps is a collection of 30 sermons and Biblical interpretation by an anonymous author living in the Persian Empire modern Iraq during the late 300 s One of the largest examples of early Syriac literature the Book of Steps describes the struggle of a Christian community prior to the advent of monasticism to live a faithful committed life in the pursuit of perfection The author details the aspirations and standards of the two ranks of Christians in his community the Upright ones married lay people who work in the world and perform the various acts of Christian charity and the Perfect ones who are celibate do not work but live a life of prayer while wandering through the region teaching and mediating conflicts The Book of Steps is a unique work because it presents a living portrait of an actual religious community not an idealized one in the midst of a hostile culture While the author advocates an ascetical lifestyle this community does not practice the extreme physical asceticism so often associated with the Syriac church during this period Unlike many works on the spiritual life the author gradually seems to withdraw his praise for the higher rank the Perfect and begin to encourage if not favor the lower rank the Upright The Fathers on the Bible Nicu

Dumitrașcu, 2022-11-10 This book offers an overview of how the Church Fathers used and interpreted biblical texts It brings together a range of different Christian confessional and social perspectives to explore the biblical basis and impact of their thinking The contributors cover different ages and traditions with each chapter focusing on a specific individual and theme The book takes an ecumenical approach to the relationship between the Church Fathers and Holy Scripture and fosters a better understanding of the relationship between Christian tradition and the Bible It will be of interest to scholars of

Christian theology the history of Christianity biblical studies and patristics **Breaking the Mind** Kristian S. Heal, 2014 Among the earliest writings in Syriac literature is the collection of 30 memre or discourses entitled the Book of Steps or Liber Graduum most probably written in the late fourth century inside the Persian Empire modern Iraq The author who deliberately withheld his name wrote extensively on the spiritual life and exploits of two groups of committed Christians the upright and the perfect that flourished in a period prior to the development of monasticism Deeply immersed in the exegesis

of the Bible as a means of defining and guiding an ascetical lifestyle the author defends celibacy absolute poverty the vocations of prayer teaching and conflict resolution as well as insisting that the perfect should not work In an unparalleled manner for ascetical literature by the end of the collection the author encourages the predominantly lay upright group to keep striving for the status of perfection as he is disappointed in the failings of the senior group he calls the perfect This collection of sixteen new critical essays offers fresh perspectives on the Book of Steps adding greater detail and depth to our understanding of the work s intriguing picture of early Syriac asceticism as practiced within the life of a local church and community The contributors offer perspectives on the book s historical context in the midst of the Persian Roman conflicts the influence of Manichaeism dietary images sexuality and marriage biblical exegesis and the use of Pauline writings and theology as well as explorations of the Book of Steps distinctive approach to the ascetical life

Aphrahat the Persian Sage and the Temple of God Stephanie K. Skoyles Jarkins, 2008 This book examines Aphrahat the Persian Sage s views of asceticism sacramental theology Christology and ecclesiology and concludes that Aphrahat a mid fourth century Christian author uses themes with ancient roots including Merkabah traditions of the temple and applies these traditions to the Christian experience of God

Syriac and Antiochian Exegesis and Biblical Theology for the 3rd Millennium Robert D. Miller, 2008 This volume of collected essays explores the exegesis of the patristic School of Antioch the Syriac Church Fathers and the churches of the Antiochian Syriac traditions This exegetical tradition can be of use in today s historical critical biblical scholarship with relation to theology

Jacob of Sarug's Homilies on Elijah Jacob (of Serug), 2009 This volume collects all of Mar Jacob of Sarug s 521 extant homilies on the prophet Elijah In these homilies Jacob shows a remarkable sensitivity to the human motivations of the biblical characters which was quite rare in ancient biblical exegesis The volume constitutes a fascicle of The Metrical Homilies of Mar Jacob of Sarug which when complete will contain the original Syriac text of Jacob s surviving sermons fully vocalized alongside an annotated English translation
