## Ten Miracle Plays:

**Ten Miracle Plays** R. George Thomas, 1966 Introduces readers to medieval English drama and in that sense can be regarded as a useful primer for newcomers to the field. It is concerned not to oversimplify but to give an accurate impression of the wide range and the individual excellences of the plays it views them as parts of a medieval pageant and as a lively dramatic recreation in their own right. All the main cycles are represented in a series of ten plays which have not been readily available in selections of Middle English texts

**English Mystery**

**Plays** Peter Happe, 1975-11-27 Humour, pathos and suffering and the culminating drama of the Crucifixion and Resurrection give these plays a wonderful immediacy. Their action was conceived on a cosmic scale and all the enthusiasm and vitality of their writing is retained to this day. The energies of whole communities, notably at Chester, York and Wakefield, were devoted to their production and they were to influence later dramatists significantly. The grand design of the mystery plays was to celebrate the Christian story from The Fall of Lucifer to the Judgement Day and this volume contains thirty eight plays forming in itself a composite cycle and including almost all the incidents common to the extant cycles

**Nabokov's Theatrical Imagination**

Siggy Frank, 2012-01-12 Drawing on a wealth of unpublished archival material this study offers a comprehensive assessment

of the importance of theatrical performance in Vladimir Nabokov's thinking and writing Siggy Frank provides fresh insights into Nabokov's wider aesthetics and arrives at new readings of his narrative fiction. As well as emphasising the importance of theatrical performance to our understanding of Nabokov's texts she demonstrates that the theme of theatricality runs through the central concerns of Nabokov's art and life: the nature of fiction, the relationship between the author and his fictional world, textual origin and derivation, authorial control and textual property, literary appropriations and adaptations, and finally the transformation of the writer himself from the Russian migr writer Sirin to the American novelist Nabokov.
