corrupt magician who created an inhuman army using animal bones But victory came at a tragic price Only four of the heroes survived Since then Kreya the group s leader has exiled herself to a remote tower and devoted herself to one purpose resurrecting her dead husband But such a task requires both a cache of human bones and a sacrifice for each day he lives she will live one less She d rather live one year with her husband than a hundred without him but using human bones for magic is illegal in Vos The dead are burned as are any bone workers who violate the law Yet Kreya knows where she can find the bones she needs the battlefield where her husband and countless others lost their lives But defying the laws of the land exposes a terrible possibility Maybe the dead don t rest in peace after all Five warriors one broken one gone soft one pursuing a simple life one stuck in the past and one who should be dead Their story should have been finished But evil doesn t stop just because someone once said the end
