The Rusty Nail August 2012:

The Art of William Steig Claudia J. Nahson, Robert Cottingham, 2007 Presents a companion to the exhibition celebrating the works of William Steig **Reading the Enemy's Mind** Paul H. Smith, 2005-12-27 An up close and personal look behind the scenes of the government's psychic spy program as only an insider can. A must read. Harold E Puthoff PhD founder and former director of the CIA initiated Remote Viewing Program. From behind the cloak of US military secrecy comes the story of Star Gate the project that for nearly a quarter of a century trained soldiers and civilian spies in extra sensory perception ESP. Their objective To search out the secrets of America's cold war enemies using a skill called remote viewing. Paul H Smith a US Army Major was one of these viewers. With the Star Gate secrets declassified and the program mothballed by the Central Intelligence Agency the story can now be told of the ordinary soldiers drafted onto the battlefield of human consciousness. Using hundreds of interviews with the key players in the Star Gate program and gathering thousands of pages of documents Smith reveals many secrets about how remote viewing works and how it was used against enemy targets. Among these stories are the search for hostages in Lebanon spying on Soviet directed energy weapons investigating the bombing of Pan Am Flight 103 over Lockerbie Scotland tracking foreign testing of weapons of mass destruction combating narco trafficking off America's coasts aiding in the Iranian hostage situation finding KGB moles in the CIA pursuing Middle East terrorists and more. This is a story for the believer and the skeptic a rare look at the innards of a top secret program and an eye opening treatise on the power of the human mind to transcend the limitations of space and time

Reports and Documents United States. Congress, 1960 **Captured** Frances B. Cogan, 2012-03-15 More than five thousand American civilian men women and children living in the Philippines during World War II were confined to internment camps following Japan's late December 1941 victories in Manila. Captured tells the story of daily life in five different camps the crowded housing mounting familial and international tensions heavy labor and increasingly severe malnourishment that made the internees rescue a race with starvation. Frances B Cogan explores the events behind this nearly four year captivity explaining how and why this little known internment occurred. A thorough historical account the book addresses several controversial issues about the internment including Japanese intentions toward their prisoners and the U S State Department's role in allowing the presence of American civilians in the Philippines during wartime. Supported by diaries memoirs war crimes transcripts Japanese soldiers accounts medical data and many other sources. Captured presents a detailed and moving chronicle of the internees efforts to survive. Cogan compares living conditions within the internment camps with life in POW camps and with the living conditions of Japanese soldiers late in the war. An afterward discusses the experiences of internment survivors after the war combining medical and legal statistics with personal anecdotes to create a testament to the thousands of Americans whose captivity haunted them long after the war ended.
