

# The Color Blue

Blue, oh blue, the color of the sea,  
A hue so calming, it sets our hearts free.  
It's the color of the sky on a clear day,  
And the shade of the water that flows away.

From the deepest depths to the highest peaks,  
Blue is a color that nature often seeks.  
It's the color of the birds that soar up high,  
And the color of the butterfly that flutters by.

Blue is a color that's cool and serene,  
It's a shade that's often associated with clean.  
It's the color of trust, loyalty, and peace,  
And a hue that brings all our worries to cease.

So let's cherish this color, so pure and true,  
And let it fill our lives with its calming hue.  
For blue is a color that's here to stay,  
And it'll keep bringing us peace, day after day.

**The Blue Poetry Book** Andrew Lang, 2016-08-28 The purpose of this Collection is to put before children and young people poems which are good in themselves and especially fitted to live as Theocritus says on the lips of the young The Editor has been guided to a great extent in making his choice by recollections of what particularly pleased himself in youth As a rule the beginner in poetry likes what is called objective art verse with a story in it the more vigorous the story the better The old ballads satisfy this taste and the Editor would gladly have added more of them but for two reasons First there are parents who would see harm where children see none in Tamlane and Clerk Saunders Next there was reason to dread that the volume might become entirely too Scottish It is certainly a curious thing that in Mr Palgrave's Golden Treasury where some seventy poets are represented scarcely more than a tenth of the number were born north of Tweed In this book however intended for lads and lassies the poems by Campbell by Sir Walter Scott by Burns by the Scottish song writers and the Scottish minstrels of the ballad are in an unexpectedly large proportion to the poems by English authors The Editor believes that this predominance of Northern verse is not due to any exorbitant local patriotism of his own The singers of the North for some reason or other do excel in poems of action and of adventure or to him they seem to excel He is acquainted with no modern ballad by a Southern Englishman setting aside Christabel and the Ancient Mariner poems hardly to be called ballads which equals Pg viii The Eve of St John For spirit stirring martial strains few Englishmen since Drayton have been rivals of Campbell of Scott of Burns of Hogg with his song of Donald McDonald Two names indeed might be mentioned here the names of the late Sir Francis Doyle and of Lord Tennyson But the scheme of this book excludes a choice from contemporary poets

**The Blue Poetry Book (Classic Reprint)** Andrew Lang, 2017-09-16. Excerpt from *The Blue Poetry Book*. Poems suitable for readers in the latter half of these years are marked with a star in the index. Some pieces will be found admitted as examples leading up to the poetry appropriate to later education and the experience of life, but looking to the small size of the collection it has not been thought desirable to attempt ranging the contents in order of composition or of relative difficulty. A few omissions have been made in order to render a poem more suitable for childhood or to escape encroachment on the field of distinctly devotional verse others more copiously when the poem could be thus strengthened in a vivid effectiveness. The North country Ballads have hence been greatly shortened a child in the editor's judgment especially one unfamiliar with dialect being more likely to appreciate afterwards their charming antique garrulity and the repetitions of phrase proper to orally published poetry if presented first with a tale in our more condensed modern manner when as here poetry for poetry's sake is concerned extracts in general appear wholly unsatisfactory to the editor they are like fragments barbarously broken from statues. Such only have therefore been included which form in themselves complete works of art. About the Publisher: Forgotten Books publishes hundreds of thousands of rare and classic books.
