*Heinkel HE 177, 277, 274* Manfred Griehl, Joachim Dressel, 1998 The story of the evolution of Heinkel's heavyweight bomber described in this volume is one of genius disaster and despair The He 177 was conceived as a long range heavy dive bomber a big brother to the Stuka and it was hoped to become one of the pillars of the Luftwaffe's armament It incorporated many novel ideas such as two engines powering one propeller but was plagued with teething problems and unreliability that caused the deaths of many test pilots and led to a small production run      *Subject Catalog, 1978* Library of Congress, 1978

*The Captive Dreamer* Christian de La Mazière, 1974 This is the story of a man who chose the Apocalypse Well into the final bloody year of World War II when Allied victory loomed clearly ahead Christian de La Mazière elected to join the German army in its death fight with the advancing Russian forces In full possession of his senses and with plenty of less extreme options open to him this French journalist sought out treason and almost certain death Yet he survived the inevitable series of harrowing ordeals and in this absorbing book he recounts his experiences ranging from humor to pathos with exceptional skill La Mazière grew up in the 1930s in an atmosphere typical of his military upper middle class background a peculiarly French combination of anti liberalism anti Semitism and anti communism With a young man's anguish he saw his beloved country veer first to the left with the Popular Front and turn later to the bourgeois pieties of the Vichy regime under its pall of defeat Both experiences reinforced his attraction to the torchlight parades at the Nuremberg Party rallies and the new society these spectacles purported to represent pan European unified aggressive and militant But he joined the Nazis actually the Waffen SS Charlemagne division not in 1940 but in 1944 when the Allies were advancing on Paris knowing he was plunging into warfare at its most brutal In the personal dimension as well as the social background of this decision lies much of the fascination of La Mazière's gripping story He got what he bargained for the blood and iron discipline of the German training camps the confusion and horror of combat in Poland the terror of capture by the Russians The story is adventure at its richest and most varied and La Mazière tells his experiences with all the verve and suspense they deserve His repatriation as a war criminal to France and his trial and imprisonment

there add another and special facet to his tale The stages of his reentry into his native land a psychological journey as well as a legal process take the narrative into areas of consciousness from which there have been few authentic reports Yet the book is never an apology nor is it an attempt to justify an unlucky choice Instead *The Captive Dreamer* a best seller in France is an account in which honesty richness and sheer readability combine to illuminate the entire grand tragedy of World War II
