Visions of the Future in

Germany and America Hermann Wellenreuther, Norbert Finzsch, 2001-10 Predictions about the world have the power to grip whole societies and shape the actions of many groups whether working in politics ecology or religion At the end of epochs and eras humans tend to reflect on the shape of things to come Most recently fears about the millennium bug had thousands rushing to stock up on candles and food in the weeks before New Year's Eve Concerns about the future have been expressed differently throughout history This book explores the historical context surrounding various debates decisions and beliefs about the future in recent centuries Religious political literary and ecological visions of the future in America and Germany are addressed comparatively In particular scholars from the United States and Germany explore the meaning of eschatological and utopian thoughts pursued during the last three centuries and tackle subjects ranging from science fiction to religious radicalism utopian social experiments and visions of race relations This book delves into the hopes and fears for the future that have shaped the past and will be of interest to comparative historians as well as to historians of Europe and the United States intrigued by the subject of utopias

Latin America, 2002 **Book Review Digest**, 1997 **Empire and Revolution** Peter L. Hahn, Mary Ann Heiss, 2001 The ten essays in this volume represent state of the art surveys of ten singular episodes in U S interaction with the Third World since 1945 Each author seeks to present a unique approach to a specific topic within U S Third World relations The essays cover the globe and include studies of the Middle East Latin America Africa and Asia They make use of a variety of source material and employ a wide range of analytical devices such as the national security paradigm the idea of economic development and culture The essays present a multihued portrait of the different ways policy makers in the United States dealt with Third World problems The essays make clear the multitude of considerations that affected policy making the many different actors both official and nonofficial who came to influence the policy making process and the possibilities for future research into U S relations with the nations of the Third World They are designed not only to present the current state of the literature but also to suggest some avenues for future research
