The Blue Riband Of The Atlantic:

The Blue Riband of the Atlantic Tom Hughes, 1973

Record Breakers of the North Atlantic Arnold Kludas, 2000

From the first paddle steamers to the Titanic and the United States the Blue Riband liners have captured the public imagination like no other form of transportation

The Six Steven Schwankert, 2025-04-08 A moving exploration of the origins and fate of the little known Chinese passengers aboard the Titanic and how they survived against all odds The Six unveils the harrowing journey of the Chinese Titanic survivors exposing a deeply human narrative lost to time and prejudice Amy Tan When RMS Titanic sank on a cold night in 1912 barely seven hundred people escaped with their lives Among them were six Chinese men Arriving in New York these six were met with suspicion and slander Fewer than twenty four hours later they were expelled from the country and vanished When historian Steven Schwankert first stumbled across the fact that eight Chinese nationals were onboard of whom all but two survived he couldn't believe that there could still be untold personal histories from the Titanic Now at last their story can be told The result of meticulous research a dogged investigation and interviews with family members The Six is an epic journey across continents that reveals the full story of these six forgotten survivors Who were Ah Lam Chang Chip Cheong Foo Fang Lang or Fong Wing Sun Lee Bing and Ling Hee Professional mariners their incredible journeys reveal an overlooked but all too common experience of inequality and discrimination The Titanic continues to reveal a multitude of secrets and the lives of these six men add a layer of humanity and nuance to one of the most storied shipwrecks in history
