The Bronte Sisters:

The Brontë Sisters Catherine Reef, 2012-10-23 The Brontë sisters are among the most beloved writers of all time best known for their classic nineteenth century novels Jane Eyre Charlotte Wuthering Heights Emily and Agnes Grey Anne In this sometimes heartbreaking young adult biography Catherine Reef explores the turbulent lives of these literary siblings and the oppressive times in which they lived Brontë fans will also revel in the insights into their favorite novels the plethora of poetry and the outstanding collection of more than sixty black and white archival images A powerful testimony to the life of the mind Endnotes bibliography index *The Brontë Sisters (Emily, Anne, Charlotte)* Anne Brontë, 2017 CONTENTS Charlotte Emily and Anne Brontë Poems 1846 Charlotte Brontë Jane Eyre 1847 Emily Brontë Wuthering Heights 1847 Anne Brontë Agnes Grey 1847 Anne Brontë The Tenant of Wildfell Hall 1848 Charlotte Brontë Shirley 1849 Charlotte Brontë Villette 1853 Charlotte Brontë The Professor 1857 **Best Poems of the Brontë Sisters** Emily Brontë, Charlotte Brontë, Anne Brontë, 2015-11-24 Although better known for their novels the Brontës also wrote intelligent heartfelt and highly readable verse This selection of 47 poems includes 23 by Emily 14 by Anne and 10 by Charlotte **The Brontë Sisters** Eleanor McNeese, 1996 The Brontë sisters have received an enormous amount of critical attention given their short lives and relatively slender literary production As a group and individually the Brontës works resist being swept away by any one critical approach They defied conventional ideas of the novel genre and have always made it difficult for critics to categorize them The aim of these volumes is to emphasize both the diversity and difficulty of critical approaches to the works Brontë Sisters Anne Brontë, Charlotte Brontë, 2002 Although the Brontës have long fascinated readers of fiction and biography their poetry was all too little known until this pioneering selection by Stevie Davies the novelist and critic Charlotte 1816 1855 is certainly a competent poet and Anne 1820 1849 developed a distinctive voice while Emily 1818 1848 is one of the great women poets in English Read together with their novels the poems movingly elucidate the ideas around which the narratives revolve And they surprise us out of our conventional notions of the sisters personalities Emily's rebelliousness for example is counterbalanced here by great tenderness This selection of over seventy poems gives an idea of the variety of thought and feeling within each author's work and of the way in which the poems of these three remarkable writers parallel and reflect each other *The Brontë Sisters* Charlotte Brontë, Emily Brontë, Anne Brontë, 2009-12-29 The most cherished novels from England's talented sisters all in one gorgeously packaged volume The Brontë family was a literary phenomenon unequalled before or since Both Charlotte's Jane Eyre and Emily's Wuthering Heights have won lofty places in the pantheon and stirred the romantic sensibilities of generations of readers For the first time ever Penguin Classics unites these two enduring favorites with the lesser known but no less powerful work by their youngest sister Anne Drawn from Anne's own experiences as a governess Agnes Grey offers a compelling view of Victorian chauvinism and materialism Its inclusion makes The Brontë Sisters a must have volume for anyone fascinated by this singularly talented family For more than seventy years Penguin has

been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators

The Brontë Sisters Catherine Rayner, 2018-02-28 Charlotte Emily and Anne A fascinating account of the siblings formative years to their deaths exploring the forces that shaped them Telegraph they escaped into books into the wild moorlands surrounding their home and into their own rich inner lives and an intricate play world born of their collective imaginations In this new study Catherine Rayner offers a full and fascinating exploration of the formative years of these bright children taking us on a journey from their earliest years to their tragically early deaths The Brontë girls grew into women who were unafraid to write themselves into territories previously only visited by male authors In addition they tackled all the taboo subjects of their time divorce child abuse bigamy domestic violence class female depression and mental illness Nothing was beyond their scope and it is especially for this ability and determination to speak for women the marginalized and the disadvantaged that they are remembered and celebrated today two hundred years after their births in the quiet Yorkshire village of Haworth This timely release offers a fresh perspective on a fascinating family and a unique trio of talented and trailblazing sisters whose books will doubtless continue to haunt and inspire for generations to come Rayner certainly opens some interesting windows onto the world with her melding of the social conditions and the emotional and psychological states of her subjects
