*Brouhaha* Lionel Ruffel, Raymond N. MacKenzie, 2018-01-31 Within the hypermediated age where knowledge production is decentered and horizontal the experience of lived time has become a concordance of temporalities The literary imagination which was emblematic of modernity and thoroughly connected to the book as a support structure has now become integrated within a much vaster regime of publication Thought concerning the world is from now on a thought concerning a plurality of worlds By way of six guiding threads exposition media controversy publication institutionalization archaeology this essay describes the transformation of cultural forms and visions of history
