The Buddha In Malibu New And Selected Stories:

The Buddha in Malibu William Harrison,1998 The African stories reflect Harrison's long preoccupation with that continent and add a new dimension to this turbulent setting. *On Location* presents an untamed view of the great continent. In each bizarre scenario a director or an actor tries with the help of a technical adviser to capture the essence of Africa whether that be the power of the Congo or the murderous skills of a wild leopard. *American Short-story Writers Since World War II*. Patrick Meanor, Richard Edward Lee, 2001 Focuses on how the declining market for short story writers after World War II saw the migration of these writers to universities where they not only continued to write but established creative writing classes that would in turn inspire and develop new generations of writers of various genres. *Contemporary Authors New Revision Series*, 2001-08 In response to the escalating need for up to date information on writers *Contemporary Authors New Revision Series* brings researchers the most recent data on the world's most popular authors. These exciting and unique author profiles are essential to your holdings because sketches are entirely revised and up to date and completely replace the original *Contemporary Authors* entries. For your convenience a soft cover cumulative index is sent biannually. While Gale strives to replicate print content some content may not be available due to rights restrictions.
