The Cable Car Murder:

The Cable Car Murder Elizabeth Atwood Taylor,1981 **Murder's Shield** Warren Murphy,Richard Sapir,2014-08-21
Out of frustration at the constant red tape and frequent botched arrests a group of police have formed their own small secret army a clandestine force methodically killing those people the law cannot reach It s scaring the hell out of the underworld and the White House Secret organisation CURE is called in to eliminate this group before it becomes too powerful but almost immediately there is a problem Because Remo Williams CURE s superweapon is a former cop He refuses to kill cops Especially cops doing the same thing he does in almost the same way So it s up to Chiun the ancient Korean who is Remo s mentor and companion Can Chiun get Remo to take on the killer cops and serve once more as America s last line of defence Breathlessly action packed and boasting a winning combination of thrills humour and mysticism the Destroyer is one of the bestselling series of all time Crime, Punishment, and Responsibility Rowan Cruft,Matthew H. Kramer,Mark R. Reiff,2011-07-14 For many years Antony Duff has been one of the world s foremost philosophers of criminal law This volume collects essays by leading criminal law theorists to explore the principal themes in his work In a response to the essays Duff clarifies and develops his position on central problems in criminal law theory Some of the essays concentrate on the topic of criminalization That is they examine what forms of conduct including attempts offensiveness and negligence can aptly qualify as criminal offences and what principled limits if any should be placed on the reach of the criminal law Several of the other essays assess the thesis that punishment is justifiable as a form of communication between offenders and their community Those essays examine the presuppositions about the nature and function of community and about the moral structure of atonement that must be embraced if communication is to be a primary role for punishment The remaining essays examine the nature and limits of responsibility in the law as they engage with philosophical debates over moral luck by investigating the ways in which the law can legitimately hold people responsible for events that were not within their control These chapters tie the first and third parts of the book together as they explore the relationship between the principles that determine a person s responsibility and the principles that determine which types of actions can appropriately be criminalized Finally Duff responds with comments that seek to defend and clarify his views while also acknowledging the correctness of some of the critics objections **THE CRIME OF THE CENTURY OR, The Assassination of Dr. Patrick Henry Cronin** HENRY M.
