The Maiden's Bequest George MacDonald, 1985 Rev ed of Alec Forbes of Howglen 1865 Orphaned as a child Annie's special friendship with Alec is a source of strength and security which sees them both through many difficulties in their nineteenth century Scotland    Maolcolm, Bequest of the Brotherhood James Frost, 2009-09-05 Following the pilgrim paths of 16th century Scotland a young man innocent of the turmoil overwhelming the country discovers that most folks he meets strenuously cling to the old ways and superstitions A teller of tales Maolcolm influences all of their lives in extraordinary events that he regards as merely accidental His legacy is swept out to sea however Or on the other hand is it really lost That would be admitting that all the old traditions and folk beliefs including a belief in the invisible kingdom are lost    Miss Baxter's Bequest Annie S. **Psalms : Volume 2 (Teach the Text Commentary Series)** C. Hassell Bullock, 2017-12-05 The Teach the Text Commentary Series utilizes the best of biblical scholarship to provide the information a pastor needs to communicate the text effectively The carefully selected preaching units and focused commentary allow pastors to quickly grasp the big idea and key themes of each passage of Scripture Each unit of the commentary includes the big idea and key themes of the passage and sections dedicated to understanding teaching and illustrating the text    *The Jessop Bequest* Anna Robeson Brown Burr, 1907    **Altarpieces and Their Viewers in the Churches of Rome from Caravaggio to Guido Reni** Pamela M. Jones, 2017-07-05 A social history of reception this study focuses on sacred art and Catholicism in Rome during the late sixteenth and seventeenth centuries The five altarpieces examined here were painted by artists who are admired today Caravaggio Guercino and Guido Reni and by the less renowned but once influential Tommaso Laureti and Andrea Commodi By shifting attention from artistic intentionality to reception Pamela Jones reintegrates these altarpieces into the urban fabric of early modern Rome allowing us to see the five paintings anew through the eyes of their original audiences both women

and men rich and poor pious and impious Because Italian churchmen relied after the Council of Trent on public altarpieces more than any other type of contemporary painting in their attempts to reform and inspire Catholic society it is on altarpieces that Pamela Jones centers her inquiry Through detailed study of evidence in many genres including not only painting prints and art criticism but also cheap pamphlets drama sermons devotional tracts rules of religious orders pilgrimages rituals diaries and letters Jones shows how various beholders made meaning of the altarpieces in their aesthetic devotional social and charitable dimensions This study presents early modern Catholicism and its art in an entirely new light by addressing the responses of members of all social classes not just elites to art created for the public It also provides a more accurate view of the range of religious ideas that circulated in early modern Rome by bringing to bear both officially sanctioned religious art and literature and unauthorized but widely disseminated cheap pamphlets and prints that were published without the mandatory religious permission On this basis Jones helps to illuminate further the insurmountable problems churchmen faced when attempting to channel the power of sacred art to elicit orthodox responses
