**The Man who Invented Hitler** David Lewis, 2005 In this remarkable book David Lewis reveals Why Hitler was sent to a psychiatric hospital for his treatment How the doctor who treated him Edmund Forster deceived his unusual patient and dramatically changed Hitler's personality How the man who unintentionally created a monster was finally destroyed by him Back cover

**The Man Who Invented Hitler** Octopus Publishing Group, 2005-11 **Hitler's Table Talk 1941-1944** Trevor-Roper Trevor-Roper, 2007-12-15 New material adds value to this classic edition with an introduction by historian Gerhard L Weinberg

**Inside Hitler's High Command** Geoffrey P. Megargee, 2000 Challenging previous accounts Megargee shatters the myth that German generals would have prevailed in World War II if only Hitler had not meddled in their affairs Instead he observes that the military's strategic ideas were no better than Hitler's and often were worse 20 photos

**A QUANTITATIVE ANALYSIS OF RHETORICAL INVENTION IN SELECTED SPEECHES DELIVERED BY ADOLF HITLER IN 1936** RICHARD WILLIAM WILKIE, 1962 *Hitler and Women* Ian Sayer, Douglas Botting, 2004 Hitler's failure to find a mate it was once suggested is at the core of his failure as a human being and is the source of his demonic destructive spirit It was Hitler's and the world's tragedy that he did not realise he had found that mate until hours before his demise and hers Here is a true account of that strange protracted search in a Nazi Germany at peace and war This is an insider view of the Fuhrer whose love life stands revealed as lying at the very heart and core of the tormented psychopath who destroyed a continent Such an insider view is not the prerogative of the grand and the privileged the generals and ambassadors rather it is the secret privilege of the minions and confidential attendants who see all and hear all as they go about their daily service the valet the maid the special advisor the psychoanalyst and personal physician and above all the young women in Hitler's life for whom being with Hitler was like sitting next to the sun

**Hitler's Raid to Save Mussolini** Greg Annussek, 2009-04-13 As the Allied invasion of Italy wore on through the summer of 1943 Mussolini was unexpectedly overthrown and imprisoned by his own people in a remote mountaintop resort Hitler was furious when he heard the news and swore to rescue his ally and friend On September 12 a small convoy of glider aircraft suddenly began crash landing near the hotel where Mussolini was being held and German commandos poured out of the half wrecked planes The soldiers quickly overwhelmed the hotel and seized Mussolini who had watched the drama unfold from a second story window I knew my friend Adolf Hitler would not abandon me said a grinning Mussolini to his rescuers Hitler's daring rescue mission to free Mussolini was one of the most famous commando operations of the twentieth century and it shocked the Allies It was also the dramatic culmination of the bizarre relationship between Hitler and Mussolini In this vivid narrative filled with action intrigue and some of history's most disreputable characters among them the infamous leader of the raid Otto Skorzeny who was catapulted to worldwide fame as a result of the exploit Greg Annussek recounts the incredible story of the secret six week operation in all its drama and suspense

**Lives of Hitler's Jewish Soldiers** Bryan Mark Rigg, 2009 They were foot

soldiers and officers They served in the regular army and the Waffen SS And remarkably they were also Jewish at least as defined by Hitler s infamous race laws Pursuing the thread he first unraveled in Hitler s Jewish Soldiers Bryan Rigg takes a closer look at the experiences of Wehrmacht soldiers who were classified as Jewish In this long awaited companion volume he presents interviews with twenty one of these men whose stories are both fascinating and disturbing As many as 150 000 Jews and partial Jews or Mischlinge served often with distinction in the German military during World War II The men interviewed for this volume portray a wide range of experiences some came from military families some had been raised Christian revealing in vivid detail how they fought for a government that robbed them of their rights and sent their relatives to extermination camps Yet most continued to serve since resistance would have cost them their lives and they mistakenly hoped that by their service they could protect themselves and their families The interviews recount the nature and extent of their dilemma the divided loyalties under which many toiled during the Nazi years and afterward and their sobering reflections on religion and the Holocaust including what they knew about it at the time Rigg relates each individual s experiences following the establishment of Hitler s race laws shifting between vivid scenes of combat and the increasingly threatening situation on the home front for these men and their family members Their stories reveal the constant tension in their lives how some tried to hide their identities and how a few were even Aryanized as part of Hitler s effort to retain reliable soldiers including Field Marshal Erhard Milch three star general Helmut Wilberg and naval commander Bernhard Rogge Chilling compelling almost beyond belief these stories depict crises of conscience under the most stressful circumstances Lives of Hitler s Jewish Soldiers deepens our understanding of the complex intersection of Nazi race laws and German military service both before and during World War II      *Checkmate! A Warrior's Shine! **Hitler's Police Battalions** Edward B. Westermann,2005 When the German Wehrmacht swarmed across Eastern Europe

an elite corps followed close at its heels Along with the SS and Gestapo the Ordnungspolizei or Uniformed Police played a central role in Nazi genocide that until now has been generally neglected by historians of the war Beginning with the invasion of Poland the Uniformed Police were charged with following the army to curb resistance pacify the countryside patrol Jewish ghettos and generally maintain order in the conquered territories Edward Westermann examines how this force emerged as a primary instrument of annihilation responsible for the murder of hundreds of thousands of the Third Reich's political and racial enemies In *Hitler's Police Battalions* he reveals how the institutional mindset of these ordinary policemen allowed them to commit atrocities without a second thought To uncover the story of how the German national police were fashioned into a corps of political soldiers Westermann reveals initiatives pursued before the war by Heinrich Himmler and Kurt Daluege to create a culture within the existing police forces that fostered anti-Semitism and anti-Communism as institutional norms Challenging prevailing interpretations of German culture Westermann draws on extensive archival research including the testimony of former policemen to illuminate this transformation and the callous organizational culture that emerged Purged of dissidents indoctrinated to idolize Hitler and trained in military combat these police battalions often numbering several hundred men repeatedly conducted actions against Jews Slavs gypsies asocials and other groups on their own initiative even when they had the choice not to In addition to documenting these atrocities Westermann examines cooperation between the Ordnungspolizei and the SS and Gestapo and the close relationship between police and Wehrmacht in the conduct of the anti-partisan campaign of annihilation Throughout Westermann stresses the importance of ideological indoctrination and organizational initiatives within specific groups It was the organizational culture of the Uniformed Police he maintains and not German culture in general that led these men to commit genocide *Hitler's Police Battalions* provides the most complete and comprehensive study to date of this neglected branch of Himmler's SS and Police empire and adds a new dimension to our understanding of the Holocaust and the war on the Eastern front *Hitler's U-Boat War* Clay Blair, 2012-02-16 The second and final volume of the definitive account of the German submarine war Acclaimed on its publication in 1997 should become the standard history of the Unterseeboote Washington Post volume one of Clay Blair's magnum opus is here followed by volume two *The Hunted* covering 1942-45 In this volume the fortunes of the German navy are completely reversed due in no small part to Allied codebreaking and they suffer perhaps the most devastating defeat of any of the Germany forces destroying their submarine service entirely Blair has been at work on this history for nine years since the British and American governments began to release official WWII records in the 1980s Blair himself served in submarines in combat in WWII He chronicles the U-Boat war with authority fidelity objectivity and extraordinary detail He also writes vivid and dramatic scenes of naval actions and dispassionate but startling new revelations interpretations and conclusions about all aspects of the Battle of the Atlantic *Hitler's Words* Adolf Hitler, American Council on Public Affairs, 1944 **Hitler Over Russia?** Ernst Genri, 1936 **Young Adolf** Frank P. Daversa, Joseph V. Franciosa

Jr.,2011-11-21 Young Adolf as you have never seen him before Experience Adolf Hitler s childhood in striking detail Witness his ordeals from the rigors of his schooling to beatings by his father Factual accounts are interspersed with fictional inventions such as his relationship with a hypothetical girl named Helga Can young Adolf conquer the personal barriers his difficult childhood presented and become close with her emotionally How will that change him Learn more about Adolf the boy Experience the molding of his dreams his prejudices and his desires in visceral detail Come to understand the inner workings of History s most infamous megalomaniac through the perspective of a child s eyes Follow Adolf from birth to his late teenage years Know the boy before he was the world s most feared man Witness his courtship with good natured Helga Follow their relationship as it grows Then decide for yourself if Helga s influence might have altered the course of History

*The British Library General Catalogue of Printed Books 1976 to 1982* British Library,1983 **Hitler's Jewish Soldiers**

Bryan Mark Rigg,2002 On the murderous road to racial purity Hitler encountered unexpected detours largely due to his own crazed views and inconsistent policies regarding Jewish identity After centuries of Jewish assimilation and intermarriage in German society he discovered that eliminating Jews from the rest of the population was more difficult than he d anticipated As Bryan Rigg shows in this provocative new study nowhere was that heinous process more fraught with contradiction and confusion than in the German military Contrary to conventional views Rigg reveals that a startlingly large number of German military men were classified by the Nazis as Jews or partial Jews Mischlinge in the wake of racial laws first enacted in the mid 1930s Rigg demonstrates that the actual number was much higher than previously thought perhaps as many as 150 000 men including decorated veterans and high ranking officers even generals and admirals As Rigg fully documents for the first time a great many of these men did not even consider themselves Jewish and had embraced the military as a way of life and as devoted patriots eager to serve a revived German nation In turn they had been embraced by the Wehrmacht which prior to Hitler had given little thought to the race of these men but which was now forced to look deeply into the ancestry of its soldiers The process of investigation and removal however was marred by a highly inconsistent application of Nazi law Numerous exemptions were made in order to allow a soldier to stay within the ranks or to spare a soldier s parent spouse or other relative from incarceration or far worse Hitler s own signature can be found on many of these exemption orders But as the war dragged on Nazi politics came to trump military logic even in the face of the Wehrmacht s growing manpower needs closing legal loopholes and making it virtually impossible for these soldiers to escape the fate of millions of other victims of the Third Reich Based on a deep and wide ranging research in archival and secondary sources as well as extensive interviews with more than four hundred Mischlinge and their relatives Rigg s study breaks truly new ground in a crowded field and shows from yet another angle the extremely flawed dishonest demeaning and tragic essence of Hitler s rule Hitler's Northern War Adam R. A. Claasen,2001 Adolf Hitler had high hopes for his conquest of Norway which held both great symbolic and great strategic value for the Fuhrer Despite early successes however his ambitious northern campaign

founded and ultimately failed Adam Claasen for the first time reveals the full story of this neglected episode and shows how it helped doom the Third Reich to defeat Hitler and Raeder the chief of the German navy were determined to take and keep Norway By doing so they hoped to preempt Allied attempts to outflank Germany protect sea lanes for German ships access precious Scandinavian minerals for war production and provide a launchpad for Luftwaffe and naval operations against Great Britain Beyond those strategic objectives Hitler also envisioned Norway as part of a pan Nordic stronghold a centerpiece of his new world order But as Claasen shows Hitler s grand expectations were never realized Gring s Luftwaffe was the vital spearhead in the invasion of Norway which marked a number of wartime firsts Among other things it involved the first large scale aerial operations over sea rather than land the first time operational objectives and logistical needs were fulfilled by air power and the first deployment of paratroopers Although it got off to a promising start the German effort particularly against British and arctic convoys was greatly hampered by flawed strategic thinking interservice rivalries between the Luftwaffe and navy the failure to develop a long range heavy bomber the diversion of planes and personnel to shore up the German war effort elsewhere and the northern theater s harsh climate and terrain Claasen s study covers every aspect of this ill fated campaign from the 1940 invasion until war s end and shows how it was eventually relegated to a backwater status as Germany fought to survive in an increasingly unwinnable war His compelling account sharpens our picture of the German air force and widens our understanding of the Third Reich s way of war     *Weekly World News* ,2003-01-07 Rooted in the creative success of over 30 years of supermarket tabloid publishing the Weekly World News has been the world s only reliable news source since 1979 The online hub [www.weeklyworldnews.com](http://www.weeklyworldnews.com) is a leading entertainment news site
