in the country and the marginalization of blackness in Mexico The subjects of this book are mestizos the mixed race people of Mexico who are of Indigenous African and European ancestry and the intended consumers of this national ideology Land of the Cosmic Race illustrates how Mexican mestizos navigate the sea of contradictions that arise when their everyday lived experiences conflict with the national stance and how they manage these paradoxes in a way that upholds protects and reproduces the national ideology Drawing on a year of participant observation over 110 interviews and focus groups from Veracruz Mexico Christina A Sue offers rich insight into the relationship between race based national ideology and the attitudes and behaviors of mixed race Mexicans Most importantly she theorizes as to why elite based ideology not only survives but actually thrives within the popular understandings and discourse of those over whom it is designed to govern
