There are lots of ancient techniques for relaxation and peace that many people of the modern era simply do not understand. People of modern societies would rather take a pill or find some quick way to make them feel better. The truth is that anyone can make themselves feel better with the use of an ancient meditation called the mantra. Mantras have unique spiritual powers that can help a person clear their minds of all mental thoughts while bringing them closer to the spiritual world where they can be at peace. Many ancient religions have used this technique in the past to meditate and be closer to the spirits of the world. Have you ever heard of Hinduism or Buddhism? These ancient religions of India were the very first two religions to use mantras and incorporate them into a meditation practice. For over 3000 years mantras have continued to be used in these religions and have also been derived into many other religions that came afterwards. This book is not meant to convert you into a Hindu or Buddhist. Frankly, that would have to be a personal choice and no one can convince you to do that. But what this book does is explain in great detail about mantras including how they are used and the great spiritual power that exists behind them. Believe it or not, you don't have to be associated with any particular religion in order to perform mantras and receive the power that they give to you. All you have to know is what mantras are and how to actually perform them in your daily ritual. Most of the time mantras will be conducted through your meditation practices. Mantras and meditation are almost synonymous because they both get you to a spiritual place where all your mortal thoughts and feelings cease to exist. By even if you want to perform everyday activities like driving a car or walking down the street, you can still use mantras as a way to relax and clear your mind during these situations as well. That is the great joy about performing mantras because you can literally perform them anywhere while conducting any nonverbal activity. You will learn the specifics of how this can be done and how it can change your everyday life for the better. After all, can't we all use a simple non-medical way to alleviate our stress and anxiety? What's covered in this book: What are mantras? How to say the mantras. The Om Aum. Power of Mantras. How to chant mantras. Benefits of Meditation. Ganesha Mantra. Gayatri Mantra. Mahamrityunjaya mantra. Hanuman Mantra. Mahakali mantra. Hare Krishna Mantra. Mahalakshmi Mantra. Shree Ram Mantra. Shiva Mantra. Shanti Mantra. Durga Mantra. Thank you.

USING SOUND AFFIRMATIONS FOR PERSONAL POWER, CREATIVITY AND HEALING. Mantra yoga is a meditation practice that focuses on chanting sacred syllables along with conscious breathing and a meditative focus to quiet the mind, cultivate spiritual energy, and create states of enlightenment. The practice of chanting a mantra is considered one of the easiest yet powerful forms of meditation. Mantra yoga is the ancient science of sound vibration. It is based on the belief that everything we do involves energy; our thoughts, words, actions, and emotions are all part of a larger energetic field called prana or life force. As we think or do something, we

send out a wave of energy into the world When we repeat a mantra over and over again we focus that energy inward allowing us to tap into our deeper selves and gain greater mastery over our minds In mantra yoga the practitioner chants a particular mantra repeatedly to create a meditative state Chanting these sacred sounds helps focus the mind on the meaning and vibration of the words As a practitioner s awareness revolves around the repetition of the sacred sound its pronunciation and its meaning a psychic energy is cultivated which can be used for spiritual purposes and to connect with the divine By focusing on the repetition of sound vibrations our attention and focus draw inwards to achieve the difficult state of pratyahara When practitioners are completely focused on the sound of the mantra they re immersed in the experience of being present in the moment This allows practitioners to go deep into a meditative state in which they have no awareness of anything else around them Easily creating a state of pratyahara allows yogis to enter deeper and deeper states of consciousness without being distracted by external stimuli The main practices of mantra yoga are japa kirtan and community chanting The meditation technique of mindfully reciting mantras is called japa or mantra meditation Kirtan is a devotional practice that involves call and response singing of mantras set to music While an individual kirtan may vary the practice typically involves a leader who chants and a group of people who repeat their chants Community chanting is often part of a ceremony or used in the invocation or closing of a yoga practice Mantras can be spoken aloud softly whispered or said silently in the mind Want to learn more Get a Copy of This Book Now *Ananda Marga, Social and Spiritual Practices*
