## **The Neanderthal Legacy:**

**The Neanderthal Legacy** Paul Mellars,1996 Good books on Neanderthals have been a pleasing feature of the last few years especially notable being The Neanderthals Trinkhaus and Shipman 1994 and the prize winning In Search of the Neanderthals Stringer and Gamble 1994     **The Neanderthal Legacy** Stan Gooch,2008-04-18 A direct appeal for a revolution in our educational system to restore the connection with our Neanderthal heritage Examines the genetic evidence for Neanderthal Cro Magnon crossbreeding and the dual nature effects this hybrid cross produced Explains the influence of the Neanderthal s enlarged cerebellum on our modern brain function and psychic and paranormal abilities In The Neanderthal Legacy eminent psychologist and paranormal researcher Stan Gooch brings together the wide ranging investigative strands of his lifetime of study of the human brain One of the world s leading experts on the influence of Neanderthal Man on the cultural and biological development of humanity Gooch contends that the Neanderthals enlarged cerebellum was a source of deep connection with the psychic and dream worlds which remains extant in modern man in paranormal phenomena that conventional science cannot explain Gooch offers new scientific evidence of the crossbreeding between Neanderthals and Cro Magnons that is responsible for the dichotomous nature of our feelings thoughts impressions beliefs and even our cultural mores and politics The hybrid vigor produced by this mating has gifted modern man with abilities and sensibilities that the scientific establishment and conventional educational system entirely ignore The author explores the legacy of our Neanderthal ancestors in an effort to awaken their virtues and qualities which are so needed in our modern world     Human origin sites and the World Heritage Convention in Eurasia Sanz, Nuria (UNESCO),2015-09-07

**Adam, Apes and Anthropology** Glenn R. Morton,2017-12-31 Glenn Morton used to be a young earth creationist but the facts changed his views In this his second book Morton shows that mainstream science does not contradict a literal reading of the inerrant word of God The author provides proof that God created Adam and Eve about 5 5 million years B C Please note that for formatting purposes there is an intentionally blank page between pages 5 and 6 of the main text     *Ancient Food Technology* Curtis,2021-11-15 Employing a wide variety of sources this book discusses innovations in food processing and preservation from the Palaeolithic period through the late Roman Empire All through the ages there has been the need to acquire and maintain a consistent food supply leading to the invention of tools and new technologies to process certain plant and animal foods into different and more usable forms This handbook presents the results of the most recent investigations identifies controversies and points to areas needing further work It is the first book to focus specifically on ancient food technology and to discuss the integral role it played in the political economic and social fabric of ancient society Fully documented and lavishly illustrated with numerous photographs and drawings it will appeal to students and scholars of both the arts and the sciences     **The Dream Culture of the Neanderthals** Stan Gooch,2006-01-12 Explores the influence of Neanderthal man on the cultural and biological development of humanity Traces the power of long held beliefs and

superstitions to the influence of Neanderthal lunar and dream based traditions Offers a compelling vision of a unified humanity that can benefit from the gifts of both its Neanderthal and Cro Magnon ancestors Provides evidence that direct descendants of the Neanderthal race may still be alive in Central Asia A number of long standing beliefs and superstitions show how the ideas that dominated the lives of our ancestors still have a powerful influence on us today The disturbing power attributed to the number thirteen the positive influence of the number seven and the comfort offered by the admonition knock wood all reveal the enduring presence of our most ancient ancestors the Neanderthals Contrary to current theories Stan Gooch maintains that the Neanderthals were not destroyed by the younger Cro Magnon culture but were incorporated into that culture through interbreeding The blending of the disparate influences of the lunar matriarchal based Neanderthals and the solar patriarchal Cro Magnons may explain the contradictory impulses and influences that have generated human conflict for millennia In fact the author suggests that the caste system in India may have been constructed to utilize the strengths of both lunar and solar cultures and to minimize the conflict between the two There is evidence that direct descendants of the moon worshipping dream cultivating Neanderthal race are still living in Central Asia today While their physical descendants may be almost extinct the influence of Neanderthal wisdom remains strong and can be found not only in witchcraft lore and the Kabbalah but in the formative tenets of the Knights Templar the Rosicrucians and even Christianity
