**The Necronomicon Files** Daniel Harms,John Wisdom Gonce,2003-07-01 Occult scholars explore how H P Lovecraft s fictional book of magic became a cultural phenomenon and real life legend in this revised and expanded volume What if a book existed that revealed the answers to all of life s mysteries For those who believe in it The Necronomicon is exactly that an eighth century occult text of immense power In fact The Necronomicon is a creation of science fiction writer H P Lovecraft who referred to the work in a number of stories and gave weight to its legend by inventing its own elaborate history In The Necronomicon Files two occult authorities explore all aspects of The Necronomicon from its first appearance in Lovecraft s fiction to its ongoing pervasive appearance in cult and occult circles The authors show how Lovecraft s literary circle added to the book s legend by referring to it in their own writing As people became convinced of the book s existence references to it in literature and film continue to grow This revised and expanded edition also examines the lengths people have undergone to find the Necronomicon and the cottage industry that has arisen in response to the continuing demand for a book that does not exist The Necronomicon Files illuminates the transformations of a modern myth exposing a literary hoax while celebrating the romance of Necronomicon lore

*The Necronomicon Files* Daniel Harms,John Wisdom Gonce, III,1998-07-01 Necronomicon a mere glance at its pages sends its readers shrieking into the night their soul seared for all eternity At least that s what people want you to believe Thank goodness authors Daniel Harms and John Wisdom Gonce III set the record straight in this scholarly yet accessible history of the dreaded tome The Necronomicon Files is an incredibly comprehensive guide to the Necronomicon that covers all aspects legends and factual history surrounding this nefarious book From a complete history of the book as it evolved in the Cthulhu mythos started by Lovecraft and continued by others to contemporary editions now available to the public From appearances and references in movies and other media to the actual magical concepts behind the fictional and published Necronomicon variants Much more than just a dry factual account Harms s and Gonce s deep knowledge in their respective fields of interest bring the history and continuing influence of the Necronomicon alive with wit and verve Humorous and intriguing this compassionate examination of the Necronomicon is a thorough repudiation of the myths surrounding it yet preserves much of the romance and fascination associated with the legend Book jacket
